A Real American Story of How America was Explored, Founded, and Organized as:

The United States for America on North America

Written by, Mike Zitterich

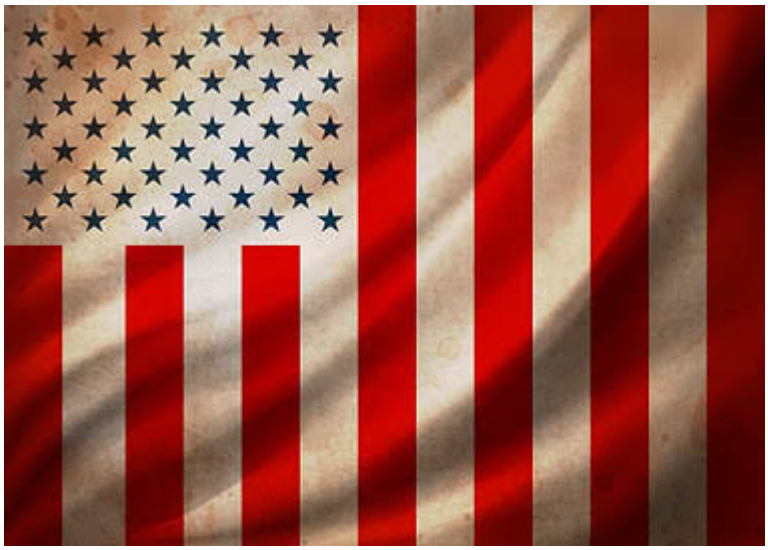

This Book is Dedicated to all those Americans that had Died for the Love of their Country. I have had a passion for learning, studying, and understanding our history, with the goal of knowing what it means to be an American. Understanding the truth of our past, will help guide us to becoming a better, wiser, more knowledgeable “people” in the future. My family ancestry is two-fold, my English ancestry migrated to America in its earliest years, 1640 to 1670, best known as our exploration period helping to form the basis of what it meant to be an American. While my German ancestry had migrated to America between 1840 and 1870 during a period of years that America was transitioning from its infancy to one of Great Promise – one of which paved the way for America to become a World Symbol of Liberty!

This is My Story

Table of Contents:

Chapter One, The Exploration of America……Page 5
Chapter Two, The Remaking of America……..Page 10
Chapter Three, Story of Iran and Global Order……Page 17
Chapter Four, Birth of Capitalism……Page 20
Chapter Five, Creation of Hollywood and Mind Control……..Page 25
Chapter Six, Evolution of the Family Court System…….Page 29
Chapter Seven, Taking Back America……...Page 32
About the Author……..Page 36

My Flag!

IN THE NAME OF GOD, AMEN. We, whose names are underwritten, the Loyal Subjects of our dread Sovereign Lord King *James*, by the Grace of God, of *Great Britain*, *France*, and *Ireland*, King, *Defender of the Faith*, &c. Having undertaken for the Glory of God, and Advancement of the Christian Faith, and the Honour of our King and Country, a Voyage to plant the first Colony in the northern Parts of *Virginia*; Do by these Presents, solemnly and mutually, in the Presence of God and one another, covenant and combine ourselves together into a civil Body Politick, for our better Ordering and Preservation, and Furtherance of the Ends aforesaid: And by Virtue hereof do enact, constitute, and frame, such just and equal Laws, Ordinances, Acts, Constitutions, and Officers, from time to time, as shall be thought most meet and convenient for the general Good of the Colony; unto which we promise all due Submission and Obedience. **IN WITNESS** whereof we have hereunto subscribed our names at *Cape-Cod* the eleventh of November, in the Reign of our Sovereign Lord King *James*, of *England*, *France*, and *Ireland*, the eighteenth, and of *Scotland* the fifty-fourth, *Anno Domini*; 1620. - **The Mayflower Compact**

"Men must be governed by God or they will be ruled by tyrants." – **William Penn**, 1644 to 1718

William Penn was the first great hero of American liberty. During the late seventeenth century, when Protestants persecuted Catholics, Catholics persecuted Protestants, and both persecuted Quakers and Jews, Penn established an American sanctuary which protected freedom of conscience. Almost everywhere else, colonists stole land from the Indians, but Penn traveled unarmed among the Indians and negotiated peaceful purchases. He insisted that women deserved equal rights with men. He gave Pennsylvania a written constitution which limited the power of government, provided a humane penal code, and guaranteed many fundamental liberties.

Chapter One: The Exploration of North America

The Land of the Virginia, best known as the Northeast Territory,

"America" it all began the year Christopher Columbus landed on the continent October 12, 1492, in present day El Salvador in the name of Spain. Thought to have landed in Southwest Asia, this triggered many explorations in the years ahead by France, Spain, and later on, England. However, it was a German cartographer named Martin Waldseemüller who had derived the name from an international system of names or terms in relation to terms as established by rules in forming the terms in a particular field of arts and science, after the Italian explorer, "Amerigo Vespucci" who had explored the two continents on behalf of Spain and Portugal shortly after Christopher Columbus' death in 1506.

This had triggered a series of explorations led by several European countries, first by Spain, then Portugal, France, and finally England all during the 1500's thus claiming lands in different parts of the continents over the first hundred years.

By 1606, the English-speaking countries, Great Britain, Ireland, Scotland, began staking claims in the Northeast Territory, when in the name of King James, they established the first colony.

That was the year that King James had issued a "Charter" to a group of men known as the "adventurers" often referred to investors and settlers, to be known as the Virginia Company of London, or most times referred to as the Virginia Land Company.

Their goal was to begin to inhabit the land to create plantations, or colonies, in what is often referred to as Virginia, you had Plymouth in the northern part, while you had the London group in the south, both of the Virginia Company.

These two companies were given their charters, which were written grants by the sovereign or legislative power of a country, by which a body such as a city, company, or university is founded or its rights and privileges, to which they created colonies which were territories which were an area under the full or partial political control of another country and occupied by settlers from that country.
For over a century, the King of England shipping 'deplorables', referring to people who were considered deserving of censure or contempt, those often were given the expression of being criticized by the higher authority in England, to whom were seen as worthless or beneath others.

These people that England were pushing of their country were mainly those that were steadily complaining, riling up the masses, so the King chose to ship them to colonies giving them a place to live, while utilizing their labor to grow, and pick crops, to mine the land, for the benefit of England.

Alongside, you had the Ulster-Scots, the Pilgrims, and the Germanic Tribal people migrating to America between 1650-1750, thus the population within the colonies was fast expanding in Virginia, or the northeastern territory, where you had 13 colonies by 1760.

The majority of these colonies were tied to the British-Crown, by virtually, the Virginia Land Company, to whom they held the charters.

By the end of that first century on the North American continent, these groups of people, now in their 2nd and 3rd generations, began rising up, led by the Ulster-Scots and German people, you now see a mass-revolutionized people asking for their sovereignty.

In order to maintain control over them, Great Britain, the King, decided to push forward, agreeing to establish separate stations in what had come to be known as "**British-America**"...

An American Republic of Nation States

The United States for America

Knowing the events that had occurred between 1760-1790, were the American People forming a free country, or creating separation of powers between themselves, the British, and world leaders, creating a "territorial government" all by the year, 1788 - or was it a plan of world powers to remain in control of the North American Continent?

In 1774, we had agreed with the British to adopt the Articles of Association, an agreement to associate together to create two 'stations' in the territory. **By 1776** we declare ourselves Sovereign People within the territory, thus invoking ourselves as "Free People" and "equal to the king", **while in 1777**, Thomas Jefferson drafts what is best known as a draft ordinance, which defined our rights, planned, zoned, and defined our sovereign political boarders, which we established 13 Contemporary Political States, while agreeing to not participate in the British Slave Trade within those 13 Political States. And lastly, **at the end of 1777**, those political states, best defined as 13 Nation States, adopt their Articles of Confederation, creating a "**Confederation of American States**" (states of the union) to whom would now each appoint 2-7 delegates to convene a Continental Congress to whom would elect a **U.S President** (1 Yr Term) to manage over all national assets, manage over our public land trusts, to negotiating with foreign countries on behalf of the 13 States.

Organization of American States

Then the 1783 Treaty was agreed to, in what became an "alliance" between the U.S.A, Great Britain, the King, and the Holy Roman Empire. We had agreed to pay restitutions back to the King (for the Charters), to the British Lords for the right to purchase the lands ceded by the British and agreed to pay off all British "debts" to the City of London, all of which became a 70 Year Promissory Note (due in 1854).

But what is not told, is per terms agreed, to, the world powers, coerced the Americans within 3 years, to convent a Convention to discuss either amending the Articles to give to "Congress" the ability to collect taxes independently, or to draft an entirely new document, a "corporate charter" to which became the Constitution of these United States of America, and with that, two distinct political stations were born.

By means of discovery, I have found evidence of this fact, we 'agreed' to 3 contracts, each one, an agreement between the American People, the British, and Global, International powers:

**1**, an agreement with the 13 States to adopt a constitution to create an "**American Federal Territorial Government**" to which would govern over our public land trust, manage the Land Patent Office, to Managing over all of our protected assets - Natural Resources, Minerals, Gold, Silver, Copper, all things upon the land itself. This government/constitution was agreed to in 1788.

**2,** an agreement with the 13 States to adopt a constitution to create a **British United States of American Territorial Government** to which would act to manage all foreign treaties between the states and foreign countries, regulating all foreign commerce at "Sea" thus managing over all things of contract where American People (the states) acted in foreign trade agreements between countries. (1789)

**3,** an agreement with the 13 States to adopt a constitution to create a **Roman-Municipal Corporate Territorial Government** which would act to manage all "International treaties", thus managing over all 'foreign commerce" by Air. And while the H.R.E ceased to exist in 1806, all international land deals acted through the Vatican, to which held all of the public land trust, the gold transferred from the old Roman Empire, to which now holds 'rites' to all things internationally. (1790)

3 distinct governments, acting within the "National District" which was created by the constitution, to which would become a neutral, political foreign territory on the North American Continent, acting side-by-side with the 13 Sovereign Nation States.

- ***Land Jurisdiction,*** the legal authority of a government, agency, or court to make, administer, and enforce laws over a specific geographical area of land or real property - the Americans
- **Sea Jurisdiction**, the legal authority of a country or governing body to make, apply, and enforce laws over the sea, including the water, air, seabed, and people or ships on or under it (Maritime) - the British
- **Air Jurisdiction**, law as airspace jurisdiction or the special aircraft jurisdiction, quasi-territorial, governing over international commerce, - Roman Municipal Corporate form of Governance.

Knowing the entity created in 1788, one now understands the powers at-large within the "**District**" had no powers outside that 10 Mile Square Territory, and only 'acted' as subcontractors on behalf of the 13 Nation States or the Confederacy of States, in foreign commerce, all of which, the "States" now have a neutral site to negotiate treaties, trade agreements, to which provide back to the Confederate States specific 'services' thus, they act as "subcontractors" of the States to manage all economic foreign activities on "**Land**, **Sea**, and **Air**".

One the Constitution was ratified and all conditions met, the United States for America became a “Federalized, American Republic, one where we would agree to create the First Bank of North America, allow for the British to become permanent residents on the land, (1790) to which allowed them to become American Citizens of any of the respective American States, giving them the privilege to participate in State elections for State Legislators, U.S Representatives and U.S Electoral Delegates, as well as becoming State Legislators themselves, working within the system, to appoint the U.S Senators who would serve and protect the former British Estates (states).

With that, the King and the British had agreed to remove their British Army off the land (1796), while beginning that newfound partnership with the Americans, to manage the foreign affairs between the two countries.

America quickly expanded its territory with the purchase of the Louisiana Purchase (1804), leading to survey of the land between 1805 and 1815. But during the Jeffersonian period, (Jefferson, Madison, Monroe, Adams) had angered the British as they violated parts of the 1783 treaty, the British brought back upon the land, their army during the War of 1812 - this led to more stricter regulations between the two, as they worked together in the years ahead. By 1841, they adopted the Preemption Act, which allowed American Settlers to move westward, claiming and expanding the territory, leading to the Minnesota Territory, Dakota Territory, Missouri and Kansas Territories. But as we begin to expand, tensions began to rise up, as the original arrangement quickly expired.

By 1853, that arrangement was fast expiring, leading to the "American Federal Territorial Government" ceasing to exist during the so-called civil war era, which today looks more like an organized plan in itself. thus continuing to hold the American people to those global powers - international financiers, investors, the bankers themselves.

In the looming chapters, we will learn of a plot, between the British United States American Territorial Govt and the Roman-Municipal Corporate Government to who would conspire together to hijack our "Confederate States" between 1860-1890 to take over all powers of managing commerce on "LAND" by creating a **Deep-Administrative Militarized-Municipal State.**

Chapter Two: The Remaking of America, the Period of 1860 to 1890

The Remaking of America in the Best Image of an International Association

Definitions:

Financial Arrangement, *is a formal or informal agreement between parties that governs how money, credit, debt, or assets will be handled, managed, or paid back over time. It involves transactions where the exchange of money or consideration is deferred or structured.*

Treaty*, a formal, written agreement between two or more sovereign countries or international organizations that is bound by international law. Once signed and ratified, it creates legal rights and duties for the participating nations.*

Jubilee*, a special anniversary, or a grand season of public joy, celebration, and emancipation. Every 70th year was a holy Year of Jubilee featuring the freeing of enslaved people, the forgiving of debts, and the return of lands to original owners.*
U.S Treasury Bonds are *long-term, fixed-income debt securities issued by the U.S. Department of the Treasury. They have a maturity period of 20 or 30 years and pay a fixed rate of interest semi-annually until they mature, at which point the government returns the face value to the investor.*

Condition*, refers to a rule, requirement, or circumstance upon which something else depends.*

National Debt*, the total amount of money a central government owes to its creditors. It accumulates over time when government spending exceeds tax revenues. (would the American States agree to anything but a budget...)*

British, Roman Municipal Corporate State, *refers to an enfranchised town or city (municipium) that operated as a self-governing legal corporation under the overarching authority of the Roman Empire, a model later adapted by British legal and constitutional traditions (such as the City of London Corporation).*

International Association, *a formal group with members, chapters, or objectives spanning multiple countries, an intergovernmental organization (IGO) formed by sovereign states through treaties, or an international non-governmental organization (INGO) formed by private individuals, professionals, or commercial entities to cooperate across borders.*

When fully awaken, you begin to see the the whole Civil War Era as a period of years, 1860 to 1890, beginning with the Presidencies of James Buchanan, Abraham Lincoln, and the Presidency of Andrew Johnson to which was installed as such, to show the people how the "Office of the Executive" could become disabled, and held hostage by an International Association of Bankers, Financiers, Investors, Attorneys" to will have gained control of the "national district" by force of military law.

When people understand the role that James Buchanan and Abraham Lincoln had played from 1857 to 1865, both of whom were "B.A.R Associated Attorneys" working on behalf of the Crown, they will learn that Franklin Pierce was the last President of the American Federal Republic (1853-1857), which was the period that original Financial Arrangement with Great Britain/Holy Roman Empire expired.

The 1783 Treaty explains this, that upon gaining our "sovereign right", we had agreed to pay back the British Landowners, the Investors, "restitutions" for the taking of their land, natural resources, minerals, while further agreeing to pay off the King's debt owned to the City of London. This, a 70 year arrangement, expiring in 1853.

During Buchanan's four years, the terms of the 1841 Preemption Act, a settlement act, was changed, whereas before, the Americans had the free right to claim a section of land to build their homestead, farmstead, townsite, etc but with the adoption of the Homestead Act, which became official in 1862 after years of debate, the terms were changed, ANYONE who took up arms against the National Govt, could NOT claim any such land in America. Let that sink in...

So, beginning with Abraham Lincoln, you begin to see steps taken to capture the Confederation of American States.

1, He incorporates ALL National Buildings, Fortes, Lands, Properties within a "Militarized Territory,

2, He further writes, and adopts the General Order 100, aka the Lieber Code, to execute a plan to place the "Territory" under Military Control,

3, He further by 1862, forces ALL Public Officials, Officers, Agents, Military Persons, Employees, Contractors under his Authority, to take a pledge to his Iron Clad Oath, which binds them to the "National Government" to defend it, protect it, serve it, take allegiance to it, rather than a pledge to the constitution itself, thus placing them in a position, against the American States themselves,

4, He further, in 1862, establishes the "Office of Internal Revenue" aka the words have grave meaning, INTERNAL "revenue" to which a new source of revenue aka INCOME TAX will be collected by means of the incomes of all those Public Officials, Officers, Agents, Military Persons, Employees to whom gain an income from Public Taxes, to which will fund the "war" effort vs the American States.

5, By1863, Lincoln issues his second greatest order, his Emancipation Order, he took the Black Slaves from the Plantations in the South, not so much freeing them, byt limiting them to become "residents" in the "Territory", thus they

were given Arms, to go to war against the States, in order to prolong the war effort, and grant to them immunities, privileges, and future citizenship status for their efforts,

6, By Civil War, this Militarized Operation of capturing the "States" was coming to an end, and this also means, Lincoln's time was expiring as well, and this brings us to the next phase of the operation,

7, Abraham Lincoln was killed, removed from the "Executive Office:" and in his place, Andrew Johnson who had been installed within the administration by the International Cabal, is now seen as weakening the "presidency" as such, allowing this International association of bankers, financiers, investors, attorneys to grab full control of the government.

And what happens next will shock you,

8, Between 1866 to 1870, they utilize Military Law, to force Amendments 13, 14, 15 into the constitution, while removing the Original 13th (TONA) from the document, which allowed this government to officially remove the Blacks from slavery, except for where they were to be held as prisoners for crimes; they then by means of the 14th, give to them U.S Citizenship Status in the "Territory" giving to them privileges, immunity, civil rights, while punishing those to whom took up arms against the "National Govt" as rebellions' thus no American going forward could be a U.S Senator, U.S Representative, U.S Elector for President, State Legislator, no any hold any public office at the federal or state level. So basically, they upheld Lincoln's "Iron Clad Oath" and only those U.S Citizens moving forward, to whom gained Amnesty, could serve in government, while these persons could never question the debt used to fight such so-called rebellion.

9, By 1871, the "Congress" now under Military Law, is forced to adopt the Organic Act to Establish a Provisional Government for the Territory, allowing the President, by now is Ulysses Grant, to appoint a Governor, Secretaries, Officers of this incorporated territory, which now serves purpose to reconstruct the "states" capturing full control of them, thus creating Federalized Corporate Militarized Districts, to whom will become sub-servant to the "government" Further said, they were reconstituting the territory.

10, In 1872, the Congress while under Military Law, passes the Amnesty Act - this allows for the Blacks, Prisoners of War, Americans to become Naturalized into the "Territory" citing the 14 Amendment, in granting to them a pathway to U.S Citizenship Status, giving to them privileges, immunities, civil liberties, etc.

11, and finally, in 1874, under Military law, the Congress finally passed the D.C Municipal Act which created the "permanent government" for the territory, giving to it a Mayor, Council, Municipal Officers, Militarized Police, Water Districts, etc. Within the captured states, you begin to see townships merge with each other, to create more municipal governments, to whom are corporations, to be used to usurp power from the people, attaching themselves to the "National Govt"

12, the United States Corporation now formed, it became a British, Roman Municipal Militarized Corporation. Now controlled by that International Association of Bankers, Financers, Investors, Attorneys.

13, By 1876, I feel, some Americans began standing up to this, and this lead to the Rutherford B Hayes Presidency 1877-1881.

14, During this period, the Congress adopts the Election Commission Act, which allowed for them to appoint 5 Commissioners, while allowing the Supreme Court to also appoint 5 commissioners to whom decide all future "presidential elections" internally, rather than allowing the "states" to resolve differences of their own Slate of Electors.

15, today, the Democrat and Republican Party behind closed doors, now get to decide who their "Electors" are by private conventions. So, where the Legislators/the people decide their own slate of electors, moving forward, the "Election Commission" will decide which ones to accept in the years following.

16, President Garfield was elected in 1880, but only served a short time, he could NOT allow this International Association to gain full authority of the government, so he was removed,

17, By now, we are coming to the conclusion of the 30 Year War between the National Govt vs States, and this leads us to the climax,

18, in 1893, this newly created USA INC finally, has a clean slate, to "partner" with members of the International Association --- they partner with the Rothschild, Belmont, J.P Morgan Financial Syndicate, to whom would be allowed to buy U.S Treasury Bonds, while selling them for PROFIT to that "International Association" to raise further revenue, whereas this "Syndicate" will now be allowed to use that profit to buy land in America, whereas they now lease that land to Multinational Corporations (investors) to who utilize "Cheap American Labor" to harvest our natural resources, minerals, to make goods ands services to which will be shipped overseas. The cycle repeats and begins all over again, concentrating the wealth into the hands of these International Association of Bankers, Financiers, Investors, Attorneys in the future.

19, a "New Financial Arrangement Agreed to.

From 1890 onward, the United States of America was to operate as a "**UNITED STATES CORPORATION**", acting under a Roman Municipal form of Governance, while each of the American States act as contracted Militarized Districts, and the former townships would pool their assets as one, forming "Municipalities" contracting to the parent corporation.

And it did not stop there, it only grew stronger as the UNITED STATES took more capital from the International Association:

20, by 1902, William McKinely supported his reciprocal tariffs to control this international trade market in the best interest of Americans, but was killed shortly after,

21, By 1907, Theodore Roosevelt, allowed this "International Influence" to gain control of all unclaimed land, mostly in the west, hence, creating the National Park and Preservation of All lands to be used as collateral thus propping up the influence of those International Cabul here in the Territory.

22, Within a few short years, the Federal Reserve Act was passed, giving this International Association further control of our U.S Monetary System, Banking System, to issue Debt-Base Currency, bond by, and controlled by the huge stockpile of U.S Treasury Bonds now owned by this International Association, thus enslaving the American States to future National Debts, which will be further used to traffic our labor, resources, minerals, oil, the gold, children, throughout the known world.

23, Do you see the history here, This International Association used Attorneys - James Buchanan, Abraham Lincoln, Grover Cleveland, Woodrow Wilson to execute their plan, they further utilized Military Generals - Ulysses Grant and Theodore Roosevelt to act as Executives of this "government" to gain influence over the American States. This allowed them to steal the republic, remake the country, and to place the territory under their "Spell"

The International Association, attached to the British Crown and International Bonds, used their B.A.R Associated Judge and Attorneys to hijack the United States for America, further contracting Military Generals - Grant, Roosevelt, and Eisenhower, to build that militarized territory, thus forming that Maritime, Admiralty control of the 50 States today.

We were being warned the entire time. And here is one such example of good Americans trying to wake up the people before it was too late…

Little did we know, a Children Book Author, L. Frank Baum, explored various careers early in life, including journalism, theater management, and poultry farming, before achieving literary fame. Baum married Maud Gage, daughter of the suffragist Matilda Joslyn Gage, and together they moved west to Aberdeen, South Dakota, and later to Chicago, where he began publishing children's literature. Baum's most famous work, The Wonderful Wizard of Oz (1900), tells the story of Dorothy, a Kansas farm girl transported by a cyclone to the magical Land of Oz, where she meets iconic characters such as the Tin Woodman, the Scarecrow, and the Cowardly Lion, which became a commercial success and became a cornerstone of American children's literature, inspiring a 1902 stage adaptation and the 1939 MGM film starring Judy Garland. Baum's legacy endures through his imaginative storytelling, the cultural impact of the Oz series, and his influence on American literature, theater, and film, making him a seminal figure in the development of modern children's fantasy literature. Did he, in his own way, utilize his own power to "SHOW" people what this International Association of Bankers, Financiers, Investors was doing to the American People? Was this a warning to us, that we had fallen under the spell of the International Influencers? Watch "Secret Oz" on YouTube and you tell me.

But it may have become too late, as the powers at-large had by now, taken full possession of the American States.

25, by 1917, the National Government, now fully financed, and controlled by this International Association, agrees to purchase the Caribbean Islands from Denmark, creating this "Financial District" in the Western Hemisphere, which allows for Great Britain to circumvent the "Monroe Doctrine", and control the "west" from within. It now becomes home to countless Bankers, Financiers, Investors, to whom would form "Foreign Policy" on behalf of the American States.

26, By 1920, this International Association, creates, and founded the "Council of Foreign Relations". It allowed them to funnel, and pool their assets as one, to begin to buy up all the Newspapers, and soon, the Media, Hollywood, and the Music Industry, to control what you begin to read, watch on Television, and listen to on the Radio. "Did they learn by means of L. Frank Baum, they could control the "Minds of People" by influencing the media? Operation Mockingbird started, the "mind control games' began.

27, By 1929, the Federal Reserve had removed much of the old currency from the market, much of it being Lincoln's Greenbacks. While controlling the quantity of new currency put back into the market, it was able to deflate the economic system, leading to what became the "Great Depression" by October 1929.

28, This leads to Franklin Delano Roosevelt, and again, they put another "Attorney" in the Office of President, and this time, they usher in the New Deal Acts, thus expanding the power of the Government over the American States. "Franklin D. Roosevelt attended Columbia Law School from 1904 to 1907, where he passed the New York State Bar Examination and began practicing law without completing his degree, and is known for being the 32nd president of the United States, serving from 1933 until his death in 1945 where he had a brief legal career, he later focused on politics, becoming a prominent figure in American history."

29, this lead to several acts becoming law during these 12 years (3 terms) as President,

- 1933 National Emergency Banking Relief Act, causing USA INC to become insolvent to the Bankers, thus all persons, property, land, natural resources, minerals became property of the bank;
- 1933 Gold Reduction Act was passed allowing for the GOLD to be stolen from the American people, placed in and held by the Bankers @ Fort Knox to be delivered to, and held by Rome, aka the Vatican, to whom held ALL "international contracts" since the Roman Empire;
- 1935 the Social Security Public Trust was created, forcing many Americans to invest in U.S Treasury Bonds under the 'security' to grant to them the benefit of "retirement" allowing Congress to utilize the investment, to generate revenue, thus bonding you to the public trust indenture.

"**A public trust indenture** is a legally binding agreement between a bond issuer and an independent trustee that sets out the rights, obligations, and protections of bondholders in a publicly offered bond issue, is the formal document under which the trust is conducted for certain securities, as required by the Trust Indenture Act of 1939."

Issuer, the Corporate Government, issuing the bonds,

Trustee became the International Association of Banks, Financiers, Investors to who were appointed to represent bondholders' interests.

Bondholders, investors who purchase the bonds.

Birth Certificate Bond, the government "converted citizens into capital value" by trading birth certificates on the market, because its tied to your birth certificate, which can be redeemed or used to pay debts. However, the International Association grabbed control of these bonds, to grant more debt to USA INC.

- By 1936, the Public Works Administration was created, allowing the government to hire public employees to build future roads, infrastructure, dams, water projects, utility grids, etc. Placing more people onto the "Internal Revenue Grid'
- By 1938, the Federal Minimum Wage Act was created, encouraging more Americans to take jobs with the federal government, thus binding them to "Internal revenue" in the year ahead.
- In 1939, they passed the Public Salary Tax Act, the first time, government could internally "Tax" Public Officials, Officers, Agents, Military Persons, Employees, Contractors" since, well President Lincoln, "internally" generating revenue to help pay for, and pay off the bondholders.
- Also in 1939, they adopted the Uniform Commercial Code, thus entrapping all 50 States to become bound to a series of "Common Rules, Codes, in the world of Finance, Taxes, and Public Services.

By this time, Prescott Bush began using his banking connections to conspire with German Nazi's to trigger a "War" between Great Britain and Germany to form a homeland for Political Zionists. By 1942, they passed the Victory Tax Act, encouraging "U.S Citizens to now pay an income tax voluntarily, to support this "War Effort".

The real intent, to "Stop Germany" from taking back its own sovereign right to nationalize its own economy, from having their own currency, to helping themselves prosper from their own labor.

By 1945, thanks in large part to the "Zionist Supporters", this International Association created the United Nations, NATO, the World Health Organization, the World Economic Forum, the International Bank of Settlements, the International Monetary Fund, and last but not least,

The CIA was created in 1947, the Zionist State of Israel was created in 1948, and by 1949, the Mossad was further created.

Over a 100 year period, 1857 to 1957, an International Association of Bankers, Financiers, and Investors had not only taken control of the American States, they had gained the right to manipulate and control all commerce of the Western Hemisphere, the European Continent, as well as the Middle Eastern Countries of Palestine, Egypt, Saudi Arabia, Iraq, Iran, Pakistan, Lebanon, and Jordan.

The World Government was being formed right before our very eyes, and ‘we’ had lost the ability to control ourselves.

Chapter Three: The Story of Iran

Back in the Caribbean Islands, George H.W Bush established his Zapata Oil Company, thus using his British influencers, to control all the Oil in the Western Hemisphere. He had his son Jeb Bush becoming his liaison in Venezuela to control its oil, while son George W. Bush became his liaison in Texas, to control the Oil on the North American continent - the Bush Crime Family Created.

Zapata Oil further partners with Dick Cheney's company, Halliburton, which was a company that made Army Equipment, Vehicles, Tanks, Planes, Ships, Ammo, together, forming a Militarized, Defense Contract, to defend not only their operations in the "west', but would also begin to protect British operations in the Middle East.

In 1953, we must now learn of the plot to take control of Iran. Great Britain had in 1905, taken control of Iran's oil fields, had now created British Petroleum, thus profiting from, and the taking of Iran's natural resources. When the Iranian people rose up, to stop this, the United Nations utilized the American Military, led by the CIA to stop this from occurring, removing a sovereign government from power, while placing the CIA in control of the Iranian Government. The CIA had ran, and controlled Iran for nearly twenty years.

Hence, the C.I.A is Iran, while the Mossad is Israel, and together, the CIA-Mossad who became the State of Israel, is really Great Britain.

It was all designed, to protect British Influence in the Middle East, using the U.S Military to defend British Petroleum, to whom the City of London insured the Oil Fields, Shipping lanes, and Military.

From 1950 to 2000, this "International Association" created Hezbollah to cause chaos, fear, and terror around the globe, in order to control what was to become "Greater Israel" in the Middle East.

What was never said out loud, that during the Iranian Revolution of 1979, the CIA was in contact with Ayatollah Khomeini during his years in exile in France.

A declassified 1980 CIA analysis titled Islam in Iran, published by the BBC, says Ayatollah Khomeini had reached out to the US in 1963.

During his exile he was in touch with the CIA. What occurred in early 1979 was a carefully designed CIA sponsored regime change.

"In 1953 the CIA-MI6 led the Coup d'Etat against the democratically elected secular government of Prime Minister Mohammed Mossadegh. The coup was led by Richard Helm and Frank Gardner Wisner. The CIA-MI6 Sponsored Coup led to the overthrow of Prime Minister Mohammad Mosaddegh who was first imprisoned and then put under house arrest until his death in 1967. The 1951 National Iranian Oil Company was scrapped. In the wake of Mosaddegh's overthrow, the monarchy was reinstated under the helm of Mohammad Reza Pahlavi Shah. The unspoken objective of the Coup d'Etat was to cancel Iran's National Oil company on behalf of the Anglo-American oil companies."

1954: The Shah signs a 25-year Consortium Agreement of 1954, with British and American Oil Companies. This was a de facto act of recolonization (sponsored by the CIA and British Intelligence).

Do You See the "George H.W Bush, Dick Cheney Connection"?

This divided the aforementioned 50% ownership to foreign companies as follows. 40% to be divided equally (8% each) among the five major American companies; British Petroleum to have a 40% share; Royal Dutch/Shell to have 14%; and Compagnie Française des Pétroles (CFP),to receive 6%.

Ayatollah Khomeini who was exiled in France returns to Teheran.

Thus, conspiring together, the British and American governments, directly influenced by this International Association, was all about controlling the Zionist, Political Interest of maintaining full authority of all OIL in the Middle East, Iran, and in the Western Hemisphere.

Fact is, proof of this control, can be seen by looking at the Iranian Global Asset Holdings in Europe today,
The Ayatollah owns, and holds properties within these countries,

London mansions, Dubai villas, European hotels are all owned by the Ayatollah, while Mojtaba Khamenei's rise as Iran's Supreme Leader has renewed scrutiny of vast financial networks linked to the ruling elite, including luxury properties and assets across Europe, Dubai, and Canada, reportedly managed via intermediaries and shell companies.

In 2013, a Reuters investigative report claimed that Khamenei oversaw assets valued at approximately $95 billion, and per further reports, could be as much as $200 billion.

Proof that IRAN is directly related to, and controlled by both Great Britain, and American Zionist Political Interests, in controlling, and manipulating the Oil markets around the globe.

And this International Association of Bankers, Financiers, Investors, and the Attorneys, are directly tied to the government in Iran.

The City of London (a bank) finances this British Influence, Lloyds of London insures all the assets, land acquisitions, Middle Eastern and Western Oil Fields, while further, insures safe travel of the Oil Ships.

And thanks to one man, the American President, **John F. Kennedy** had by now, caught on to this massively, Zionist Political Scheme in the 1960's, and when he began to call out this "International Association" again, he became the latest casualty of this Criminal Syndicate.

The two most, largest "Sovereign **Christian Republics**" - **Russia** and **America**, were made to look as if they were enemies during the cold war years - the Bolshevik Revolution in Russia in 1913, was a Zionist political attack on free people, taking control of Russia, while the same was done in America during the 1930's.

Why do you think your Politicians, your Elected Congressmen, Legislators, County Commissions and City Councils take blind oaths, pledges to the "State of Israel" and are financed and funded politically by AIPAC and other political Pac's such as A.F.P?

They are all in bed with this International Association, hence they adopt building codes, commercial rules, and taxing schemes to bind America to this Global Order.

The day, George H.W Bush declared a "New World Order" in January of 1990, was the day America was taken hostage by this Zionist, Communistic International Association.

Look what occurred shortly after,

- The **North American Fair Trade Act of 1993**, pushed all American Industry off shore, forcing us to pay NO tariffs on imports;
- By 2002, the **Patriot Act** was adopted allowing the government to throw away your 4th and 5th Amendment, thus giving away your sovereign-nationality,
- In 2007, your politicians adopted the **Real I.D Act**, forcing you to surrender your "state identity, in exchange for a national one.
- And finally, the 2010 **Affordable Care Act** was nothing more than giving the government more taxing authority to force you to buy a product, in return, the government now owns your healthcare.

By then, an International Order had taken full control of America, and we were on the verge of becoming Communist.

World War 1 redefined Global Land territories, created new countries, thus new treaty alliances, trade agreements, etc.

World War 2 created the United Nations and the North American Treaty Organization (an alliance) to which internationally, contracted all the U.N Countries together, in order to, by alliance, manage all foreign commerce between these countries as part of one world power, managing all economic activities on Land, Sea, and Air.

Do You See, the **United Nations**, led **NATO** became the new **Holy Roman Empire**.

The

Holy Roman Empire

A New World Order of International Financiers, Investors, Bankers, and Attorneys

Chapter Four: The Birth of Modern Day Capitalism and the Pro Growth Institution of Debt Finance

The Birth of the modern day "capitalism" was born, and today, we effectively have this new age, political movement under the umbrella of "**Pro-Growth, Economic Development**" that utilizes a federal tax dollars, in order to enslave the people, in order to enrich a select few elected, and appointed, and contracted Bankers, Attorneys, Judges, Real Estate Tycoons, bound to an International Cabul.

If the **Civil War** was about allowing the International Financiers, the Bankers to hijack, and take control of the North American Continent, then **World War 1** was about a classic re-organization of the European Continent, while **World War 2** was about allowing for the creation of a New World Order, a One World Government to Rise to Power, creating the United Nations, the World Economic Forum, the North Atlantic Treaty Organization, the Zionist State of Israel, as well as the Bank of International Settlements, as well as the International Monetary Fund.

Let's remember, the State of South Dakota was born of an Organic Act of Congress, thus Establishing Dakota Territory, to which, allowed for 14 Year Old Teenager Females to marry, 16 Year old Old Teenager Males, to whom along the way, young teenagers beginning at age 13 could become employed, at 14 - they could drive on public roadways, and by 16, they begin to be married. It would further be, during the 1920's, the South Dakota State Government learned of how to profit from Federal Tax Dollars, by means of the Creation of Mount Rushmore, to which provided a national spotlight, on the state itself, while allowing the "Government" to reap trillions of dollars of revenue through federal taxes, to which the majority derived from the Federal Reserve System.

Abraham Lincoln's Concept of Internal Revenue

"Internal" is defined as, relating to, or occurring on the inside of an organized structure (a territory), inside of the body, within the limits of the body itself.

“Revenue” is defined as, total income produced by a given source, that a political unit profits from through a collection of the national revenue as collected from the tax payers.

Now think of the I.R.S or, the Internal Revenue Service, what was it actually created for? Well, to best answer this question, read the next section:

They, the I.R.S cannot place a Lien on your property, garnish your bank account, paychecks, levy your income without going before a federal court.

Remember who really is in charge here, the 'secretary of the treasury' is and he must sign off on any action first.

The I.R.S has no jurisdiction outside of D.C. IT is simply a collection agency to collect debt. IF you allow them into a "state court" and allow them to collect a debt, ordering a state judge to write a judgement to collect the debt by any means (garnishment, levy property, take property) that is YOUR FAULT. In this scenario, the state judge would be corrupted, taking a bribe or 'payment' to violate the constitution. YOU need to challenge the claim, motion the case to federal court, then force the "federal law' into the courtroom, before a Trial by Jury of your Peers.

When you force the I.R.S to present the law that says you owe an income tax, they cannot, because it does NOT exist.

Because the IRS only has authority to "**internally**" evaluate, assess, audit, levy, and collect from federal officials, officers, agents, employees, contractors, benefactors of public taxes (welfare servants), etc.

When you do this, you begin to learn, the federal government, a "corporation itself" used Abraham Lincoln's own logic, when he created the Internal Revenue Office in 1862.

He did so in order to apply an income tax, '**internally**' on all federal officials, officers, agents, military persons, employees, contractors to whom earned an income from the 'taxes' collected by the government itself.

Thus, Internally, based on Lincoln's IRON CLAD OATH, they pledged their loyalty to the federal government, to defend it, protect it, to serve it in times of war, hence the so-called Civil War, which really was not a civil war between the states themselves.

Lincoln's 1040 was nothing more than a way to contact these "federal persons" to file an assessment, or claim for income earned 'internally', thus they owed a tax on the net income as defined by law. Not only that, but for those to whom purchased U.S Treasury Bonds, to which, deposited revenue into the treasury, earning them back 3% profit, were also forced to submit a 1040 by the end of the year, hence, you have the definition of '**1040 Revenue bonds**"

There was no promise to ever pay back the national debt to these bankers. They were ok giving them trillions of dollars of revenue, so long as that new government coaxed the idea of creating a private bank (1913), and coaxing Americans to maintain the promise of that Annual Annuity payment, which became in 1909, the

corporate excise tax act, so Multi-National Corporations would now participate in this **financial crime syndicate scheme**.

By 1920, the Rockefellers, Morgans, Carnegies of the country, joined forces, created the **C.F.R** or council of foreign relations, to work together to draft, and create foreign policy, to agree to buy up all of the top media sources (newspapers at the time) to control what you and I read every day. These large corporate masters now can control the government, now as USA INC, pass our laws.

Enter the New Deal Years (1930-1940). **Social Security**, forced Americans into a public trust, the **Gold Reduction Act**, forced Americans to surrender ownership of their gold, the **Public Works Programs**, thus forcing the government to raise tons of revenue, by creating 'federal employees", the **federal minimum wage act**, thus placing those employees on a minimum tax threshold, and finally, the **Public Salary Tax Act**, thus using Lincoln's idea of an "internal revenue scheme" to 'tax' federal persons, --- officials, officers, agents, employees, contractors, tax benefactors, both federal and state public persons --- "you" were tricked into buying U.S Treasury Bonds, under a program titled "Social Security".

These persons would now be forced to pay '**internally**' an income tax where they profited from public taxes as defined by Article 1.

However, in 1941, the Victory Tax was passed, encouraging Americans to participate in the system, and volunteer 3% of their income to the federal government to support the War effort, thus becoming Patriots. The act was repealed in 1945, without telling people, and some Americans continued to pay the tax, hence it became a **gift tax**.

"Victory Tax" as in, "Win the War, and We will provide you a One World Governmental System" providing economic development to all participating countries, to whom agree to latch onto newly created International Building Codes, Fire Codes, Sustainability Programs, and more...

By 1954, congress amended the public salary act, by adopting the **Internal Revenue Tax Act**, thus creating the W-4, W-9, Wage contracts, thus forcing corporations to force private Americans into the system, by calling themselves federal employees. Thus, under non-disclosure, and ignorance, Americans give up themselves, by filing 1040 Assessments, thus claiming they earned an income in public. All despite the 'courts' ruling, that income is only profits and gains from corporate activity.

Always remember, I.R.S stands for "Internal revenue service" working on behalf of the federal government as a contracted agent, to assess "**Internally**' the # of federal persons earning an income from public taxes. IF, you do NOT fit the definition of these federal persons, you are NOT subject to the tax. And always remember, the Secretary of the Treasury is in fact the "Authority" to collect such a tax, not the I.R.S nor its commissioners, nor their agents, nor their employees.

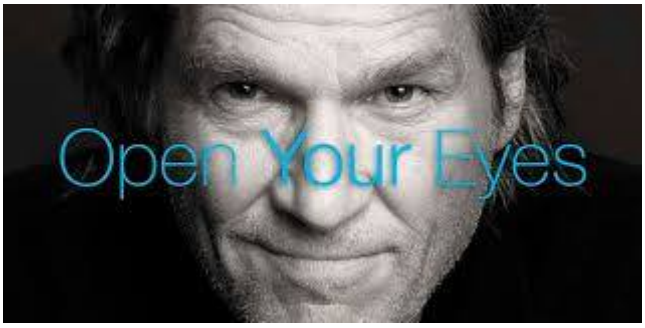

This is why, I encourage you to put EXEMPT on your W-4, claiming NOT to be a federal taxpayer under the law, thus keeping 100% of your Gross Income minus the social security and Medicare taxes (excise taxes) paid on your behalf by employers, to whom you now can keep your "income free from income tax" thus using it as you see fit.

There is no law that requires you to file a 1040, thus no need to incriminate yourself by signing your name on such legal form, at least until you begin to claim your Social Security (and Medicare) to which later in life, you must file a 1040 at that time to collect your retirement benefit from the public trust. So before that date, which is age 62 at the earliest, you must stand on your rights to be free, and to force the IRS to present this law, that requires you to do such thing, and if they cannot present such law, the JURY of YOUR PEERS must rule in your favor. And "WE" are the JURY. So, if we stand on this tax strike together, 'we' become the jury on each other's defense, as we take our individual cases into a federal court.

All the while, your "Government" utilizes the Corporate Media, Newspapers, Hollywood, any of their contracted entities to deceive you, trick you into giving up your total sovereignty to your person, land, and real property, in exchange for paying a property tax on land, an income tax on your income, all to fund their corporate masters, to whom your Public Officials - Presidents, Congressmen, Governors, Legislators, State Government Workers, County Commissioners, Judges, Attorneys, County Officials, Officers, to Mayors, City Councilors, to Municipal Employees, to all Appointed Officers contracted to your Governments - they all 'act' in fraud, to money launder from you, in the old adage, "Economic Development".

They act through non-profit organizations such as the Chamber of Commerce, Retail Organizations, Development Foundations, Other Non-Profit Clubs, to their Secret Society Clubs such as the El Riad Shrine and the B.A.R Associations themselves.

Think about it, **Elvis Pressley** was a "CIA Intelligent Agent" to spy on, and report back to the President on all illegal and lucid activities going within our intelligence agencies. **Micheal Jackson** may have clearly been an C.I.A Intelligent Agent working to spy on Hollywood, the Music Industry on its illegal-money-sex laundering schemes, and while **Donald Trump** in 2006, became a covert, military agent to spy on, and report the illegal-lucid activities of the financial system, the Drug Trafficking system, as well as the the affairs of Jeffery Epstein and his money laundering 'hedge fund managers'. And to think, the one President that had attempted to call all of this out, **John F. Kennedy**, was killed for his role. But then again, they killed Elvis Pressley, and Michael Jackson for their role in attempting to call out this such activity.

Keep in mind, The U.S Govt in 1917 purchased the then Caribbean Islands from Denmark, renaming them the "**Virgin Islands**" then later on, the smallest of the islands, St, James Island was sold to Jeffery Epstein in the 1970s, becoming Epstein Island. It became the headquarters of several top public officials, officers, agents, foreign agents for years. But not once, is there any proof, nor evidence Donald Trump ever visited the island. Ironically, it was your own U.S Government that named those islands "VIRGIN ISLANDs" as if it was predicting what was to come.

Ironically, after World War II, with the creation of the United Nations, NATO, and the Zionist State of Israel, very powerful men and women began to organize and meet on St. James Island, which later on became Epstein Island. It became a CIA-MOSSAD plot to begin Human Trafficking, led by some of the most profitable group of people, thanks to earning a living off OIL, meaning, what began with Prescott Bush, ended with George HW BUSH becoming head of the CIA, and the money laundering machine began to grow.

PEDOFELIA became the 'cover' for what was truly occurring - the Money Laundering, thus raping the United States of America of all of its Land, Natural Resources, Minerals.

Part of that Human Trafficking game included the Foreign Invasion of Illegal, Undocumented Migrants utilized to bring down the American wages, enslaving the American People to high cost of inflation, high taxes, to which were then used to deposit taxes into USAID, to which became a Democrat Slush Fund, to find thousands of "Non-Profits Organizations" like Lutheran Social Services to whom used the funds to provide housing, food, clothing, and other benefits to Foreigners.

Chapter Five: The Creation of Hollywood to Control the Minds of the American People

When Dolly Parton died in August 2026, with it, Hollywood became exposed as a Child Trafficking Scheme.

America had fallen under the "Spell" of an International Association of Bankers, Financiers, Investors, Attorneys to whom grabbed control of America shortly after the Civil War Era.

The year was 1887. Harvey and Daeida Wilcox filed the official subdivision map using the name "Hollywood" with the Los Angeles County recorder's office, while in 1903, Hollywood was incorporated as an independent municipality, and the municipality consolidated with the City of Los Angeles. The first motion picture studio opened in the area soon thereafter, marking the start of its film industry history.

So, about this same time, you have USA INC partnering with this INTERNATIONAL ASSOCIATION, to whom finances that government entity to buy the Caribbean Islands, to whom further financed the creation of a Residential Colony in California.

This "Colony" was the vision of Harvey Wilcox, a wealthy real estate broker, who had envisioned a community based on his sober religious principles. "Sober spiritual and religious principles focus on core personal virtues like honesty, humility, and surrender that help individuals overcome addiction." So, right away, "Hollywood" quickly became a colony of residents inside L.A to whom had addiction problems. Another man, named H.J Whitney, was the mastermind of an independent colony named "Hollywood", thus creating it to become the movie capitol of the world.

Jon Hay or "Jock Whitney" otherwise known as "H.J Whitney" an influential American venture capitalist, diplomat, philanthropist, and publisher, had Served as the U.S.

Ambassador to the United Kingdom from 1956 to 1961, and had J.H. Whitney & Company, one of America's earliest and most prominent venture capital and private equity firms, in 1946. He also acted as the publisher of the New York Herald Tribune and president of the Museum of Modern Art, while also invested in early color film through Technicolor, producing movies like Gone with the Wind. So he was also very much connected to this "International Association".

So, now you have this loose, confederation of international world of bankers, financiers, investors, politicians, the world elite all heavily invested in the United States Government, to whom now owns the Caribbean Islands, which became the headquarters of their International Association, which heavily mind controlled what you read, viewed, and heard within the mockingbird media operation.

They would come to own the rights to all things you read in the N.Y Times, Washington Post, the Wall Street Journal, to Legacy Media, Hollywood, to control the rights to all grammy award winning artists, songwriters, and actors.

These people 'human trafficked' children from an early age, throwing them into this 'addicted' game of sex, drugs, and alcohol, heavily preying on the minds of innocent people today.

It would become Harvey's wife, Daeida Wilcox who named this "ranch" (or colony) as Hollywood, and actively worked alongside him to raise funds, parcel out land, and build the community's early foundational institutions.

So, not only do we now get a "Ranch" called Hollywood established as early as 1900, we now have a "Ranch" named Dollywood, both of which highlights your world news, and formulates it into script in the form of news-stories, movies, and music.

Quick research shows Dollywood originally began under the name "Rebel Railroad" between 1951 and 1961 in order to remember "America's" civil war era, one where the south rose up in defense of their culture, beliefs, and tradition.

Their "**Red Carpet**" events have become to many, a "**Showcase of Their Talents**"

Coincidence, all this was created between 1890 to 1920 a thirty year period following our "Civil War Era" 1860-1890?

Coincidence, that some of the best known names - Hayden Panniettieri, Dolly Parton, Michael Jackson, Kenny Rogers, and others have all died since 2017, when all this has become exposed?

What you may be witnessing, are the "Names" of those individuals that are within the "Jeffery Epstein Files"

Lets remember, Jeffery Epstein was a known sexual predator, to whom by day, was a "Financial Asset Manager" for those very wealthy, Bankers, Financiers, Investors, Attorneys, the World Elite, your Politicians, your State and Local Municipal Officers, etc. His main job was to manage the financial assets, properties, and wealth of the elite, here in the Western Hemisphere!

Dolly Parton has become the most recent casualty of this "Human Trafficking Scheme"

"Open Your Eyes" people - you asked Donald Trump to expose the Epstein Files, and you are beginning to see all those enshrined in the files as "Human Traffickers" of your labor, your children, your land, your natural resources and minerals, everything will be exposed.

Beginning in the year 2017, you have witnessed many changes within this "International Association being exposed;

1, thousands of Multinational Corporate CEOs have resigned their positions, left the country, as part of their agreement to expose Crimes Against Humanity,

2, thousands of Hedge Managers (financiers) have either lost their jobs, resigned their positions, or have been executed at GITMO in exchange for giving information related to Crimes Against Humanity,

3, hundreds of politicians aka George H.W Bush, Hillary Clinton, Mitt Romney, Dick Cheney, John McCain all for example have been executed at GITMO for their participation in Crimes Against Humanity,

4, People who you think are dead, are alive - Paul Walker (J.D Vance), Robin Williams, Elvis Presley, Michael Jackson are just a few that are still alive and are playing actors as part of this awakening project,

The **EPSTEIN FILES** are nothing more than a list of ALL persons to whom met in the Caribbean Islands from 1920 to 2020 participating in the process of forming Foreign Affairs on behalf of the Western Hemisphere - Bankers, Financiers, Investors, Attorneys, Politicians, World Leaders, Actors, Musicians, Song Writers, etc. If you have paid attention, you would know this as it has become exposed over the past decade.

The George Bush/Dick Cheney Connection --- well, think back, to when Prescott Bush first conspired with the Nazi's to work to engineer a "War between Germany and Great Britain" in the 1930's, this was done to keep Germany from nationalizing its own economy, printing its own currency, etc.

They were working through their International funding sources, loaning that money to the Government, while taxing the American People, then using those public taxes to money launder them into all the so-called nonprofits, church and charitable foundations, as well as other NGOs to profit from the taking of your land, real property, your person, while stealing children from families, with the goal of profiting off of low income people, disabilities, and keeping you sick, for the change to control the minds of all Americans.

What you think is the real Biblical Israel, is nothing more than a "Fake Israel" born of the Balfour Declaration, to remove people from the land, pushing them out to the four corners of the earth, while replacing them with a New World Order!

So, back to where we began - this ZIONIST Political Movement is a 'satanic' group of people, using their international influence to control the minds of people, by distracting them under their spell.

They have used your Newspapers, Television, Hollywood, the Music Industry to distract you, as they take over the world, control your land, and all the natural resources, minerals that it contains.

They throw out the "red carpets" to act as a side-show to reward all of their media hosts, songwriters, singers, actors, to whom have sold their soul to this Satanic Death Cult, as they move around the globe, de-populating the earth, eliminating anyone who gets in their way.

They created **Hollywood**, **Dollywood**, **Graceland**, and all **Sports** to hide the fact that all the profits from commercial activity has gone to directly influence, and direct the "Human Trafficking" of your labor, the children, sex, drugs, alcohol, natural resources, and minerals.

Think to whom we are at "War" with..

Chapter Six: The Evolution of Family Court and the Destruction of Holy Matrimony, Marriage between Man and Woman

The Evolution of Family Courts in America May Have Begun with the Intent to Transfer Property from Men to Women During 1840's.

Early on, in the American Republic, dating as far back as the English Colonies, "Marriage" was mostly a religious ceremony, an act often referred to as **Holy Matrimony** - a sacred union between a man and woman in marriage recognized as a religious and lifeline covenant with God. The word covenant is an agreement between two people, drawn up by deed. Oftentimes, in early America, a woman could become given into marriage by their parents as early as age 14, to a chosen man to whom was no less than age 16. This sacred union was to be a religious act before your pastor.

As per Genesis: 2:24,

"That is why a man leaves his father and mother and is united to his wife, and they become one flesh," highlighting the spiritual and physical unity intended in marriage. This "one flesh" concept signifies complete unity—emotionally, spiritually, and physically—**forming a new family unit under God's guidance**. It is because the Lord is the witness between you and the wife of your youth. You have been unfaithful to her, though she is your partner, the wife of your marriage covenant.

This became the traditional mode in forming early marriages between men and women, forming that natural bond between each other, with the goal of bonding the property rights of the parents as one, through their children, whereas the 'property right' to land, real property, tangible property remained steadfast, tied to man, while women became a lifelong partner under that civil union. This did not mean, women could not ever own property, it simply meant, most property was transferred from father to son, through the religious act of holy matrimony, whereas the women were oftentimes gifted property over time.

Beginning between 1830 and 1850, this began to change, with the **Married Women's Property Act of 1848** which began to divide the property rights between man and woman, whereas prior to, the process of coverture meant, that all property was protected under the guise that women were under the husband, she had no legal right to own property, to enter into contracts, control her own earnings in her own name. By marriage, 'property' was vested in the name of the civil unionship, with the husband as 'head of the union'.

The 'act' allowed for the "woman" to own all property in her name that was deeded to her, transferred to her, let alone she could now have sole ownership rights to her earnings to which, gave her the ability to buy property. And what was legally purchased by the wife, remains owned by the wife, less of course any pre-arranged, pre-marriage agreement to any property held by each other, prior to the marriage.

During this same period, you began to see a sudden move in the American States whereas, the government was beginning to involve itself within marriages, with the advent of government issued marriage licenses.

The most straightforward motivation was record-keeping. As communities grew beyond the size where everyone knew each other, governments needed reliable records to sort out property rights, inheritance claims, and lines of descent. A license application created a paper trail that courts and tax collectors could rely on. The early fabric to Family courts begin to come into full view.

No longer is it a protected 'natural right' to enter into traditional marriages, now the "State" was entering the contract, thus, becoming a civic partner in ownership of the property rights itself. By allowing the "state" involved in your marriage, it now gains the fortitude, the ability to endure challenges, hardships, or suffering without giving in to fear or despair.

Marriage licenses gave governments a mechanism to control who could marry whom, and states used that power extensively to enforce racial hierarchies. Meaning today, the 'marriage' became a public thing, governed by the 'state' which now through the county clerk, could deny two people from getting married based on sex, gender, creed, race, and so forth. People went along with this, in order to allow the 'state' to divide up, and control the property as part of the contract itself, now controlled by a government issued license.

Nothing else, changed, you still have the right to allow 'families' pre-arrange marriages through means of civil unions, however, such marriages without the government issued license are not protected by statutes, let alone, the state is not a party to the contract itself, other than defending, and protecting the right to Life, Liberty, Property, and Prosperity, as per the contracts agreed to.

Soon thereafter, you begin to see the 'state' taking ownership of children, which now paves the way for the state government to make your children '**wards of the state**', public property, or is defined as:

Refers to a person, often a minor or an incapacitated adult, who is under the legal guardianship of a government entity or court because they cannot care for themselves due to age, disability, mental incapacity, or other circumstances that prevent self-management.

Now, enter the traditional mode of Birth Certificates, your children are now considered property of the state, and now the 'state' gets to manage the best interests of the children as it so desires.

Between 1854 and 1929, an estimated 250,000 orphaned, abandoned, or homeless children were transported to rural communities across the country in hopes of providing a better life for them.

The orphan train movement was started by Charles Loring Brace and his organization, the Children's Aid Society. Brace recognized the inadequacy of New York's welfare institutions, and, at the same time, saw the Western states as places full of opportunity. He devised a system whereby disadvantaged children would be sent to rural communities, traveling by train and with a Society Agent, where they could be taken in by families who would teach them good morals and provide for their needs.

1929, amidst growing objections and changing welfare systems, the orphan train movement came to an end. However, the new advent came into being, Child Protective Services, a government agency now in business, under the guise of Family court, to supervise and care for the children, now as property of the state, to manage their best interests.

Child Protective Services,

Refers to government agencies in the United States responsible for investigating allegations of child abuse or neglect. They intervene by providing services to families through safety plans, in-home monitoring, or, in emergencies, removing the child from the custody of their parent or legal guardian. CPS operates under state and federal laws to ensure the safety and well-being of children.

Modern Child Protective Services agencies, the government bodies that investigate abuse and neglect reports today, largely took shape between the early 1960s and the late 1970s. The federal law that anchored the entire system, the Child Abuse Prevention and Treatment Act, was signed on January 31, 1974. But the roots of organized child protection stretch back a full century earlier, to an 1874 New York City courtroom and the case of one badly mistreated girl. The path from that single case to a nationwide network of state-run agencies is one of the more dramatic arcs in American social policy.

Today, thanks to the Safe Families and Children Act of 1997, your State Government is allowed to take federal funds from Social Security, Medicare, Medicaid under the guise of "Social Services" with the intent to best manage Child Protective Services. This allows the agency to, through incentives, to remove as many children from the family home, oftentimes under "presumption" a crime, a felony, or violation of statute occurred. These federal funds are then utilized to pay for such services as paying your local police departments to come to your home, to engage in dialogue, to collect, or make up evidence against you, in order to remove the children from the home. The children are then placed in 'temporary foster care' until the state can prove their claims against you.

Folks, your "state government" can claim up to $1,000,000 million dollars under that 1997 law, to manage the social welfare of all children placed under the care of Child Protective Services.

Mind you, the "state" cannot remove any of your property, any children, without first proving their case against you, in an Article III court room, whereas you, the parent, have the right to a jury of your peers, by placing the accuser on the witness stand. If people knew and understood their rights, the "state" cannot be a witness to, nor victim of any such crime, or felony. There has to be a real victim.

Family Court is the most corrupt of all public courts, whereas the Judges, Attorneys who partake within that judicial system know full well, they are operating in violation of the constitution itself.

Your Judges and Attorneys act under the B.A.R Association, taking a blind oath to each other, to work as part of a "public office" giving to themselves immunity for the actions they participate in.

Your Government, led by this International Association have colluded together, in a joint partnership to utilize your public taxes to not only kidnap your children, but traffic them between foster care and state sponsored programs in order to put federal dollars into the state treasuries.

Chapter 7: Taking Back America

It was NOT Nixon *who ended the gold standard, it was the plan which began with the 1933 Gold Reduction Act signed by Franklin Roosevelt. When you read the law itself, and follow the executive order put in motion that same year, they were already removing GOLD from private ownership, encouraging people to deposit their gold into the federal reserve banks, which under the National Emergency Banking Act of 1933, was an attempt to nationalize the banks under the Federal Reserve, the plan was to remove "gold backed currency" from the private sector, in exchange for "Federal Reserve Notes'. The "Bank" had been, since its creation, deflating the economy throughout the 1920's, which lead to the market crash by 1929. If you understand what they had done, they were removing all the old 'currencies' from the system, not only the several state currencies, but also the Lincoln Green Backs. Rather than replacing these dollars with new money, they had removed 90% of the old money from the economy, while they only put back into circulation 30%. Businesses could not get capital, this led to a period of low wages, stocks began to fall, as people attempted to grab their money back, and F.D.R put a hold on banks, stopping the run on the banks. Long story short, this led to the Social Security Public Trust, as more people surrendered their "State Sovereignty" in exchange in applying for, and obtaining U.S Citizenship status, which you had to do, in order to get a Social Security #, to contribute to a national security plan. This bound you to the "Debt" meaning, you could no longer question the debt as per the 14 Amendment, it also forced you to give up all private ownership of gold. Under the Gold Reduction Act of '33, it was to be a 40-year plan to remove the United States from gold backed assets, which climaxed during the Nixon Administration. Nixon most likely had no choice, by this point, the "Federal Government" had become insolvent to the bank, whereas they had crippled the Office of the President through the death of Kennedy (1963).*

The Vietnam War was pushing the government further into debt, and it needed that revenue stream, led by the Federal Reserve aka an association of International Bankers, Financiers, and Investors to keep buying U.S Treasury Bonds, in exchange, it deposited 'cash' into the U.S Treasury. What the 1971 signature of Nixon actually did, was maintain the constant flow of "International Capital" being deposited into the U.S. Treasury, thus burying Americans further into debt with each dollar being printed, backed by the debt itself. It all stems from the partnership that was made shortly after the Civil War, where in 1893, the USA INC made that deal with the International Association of Bankers, Financiers, Investors, to buy U.S Treasury Bonds for a constant flow of capital thereafter. It led to the federal reserve in 1913, to buying the Caribbean Islands in 1917, to controlling the media in 1920, to the Greatest Expansion of the Central Govt during the 1930's, while ending with the removal of gold backed assets in 1971. Perhaps Nixon was trying to stop it, he constantly fought them, which led to Water-Gate during the '72 election. That was NOT Nixon, that was a Democrat plan to bring down the Presidency, passing blame on Nixon who had just won 49 of 50 States. They had disabled the Office of the President in 1963, Nixon was fixing to expose that, as he constantly fought a corrupted system, threatening to put on public notice, the "Whole Kennedy Thing", and with that, they had to get rid of Nixon. Deep Throat Operation was a "Democrat Operation" whereas several media persons were embedded in the CIA, the FBI and they broke ito their own Democrat Offices. It made it appear that Nixon had done it, and because Nixon was being blackmailed the whole time, rather than allow them to impeach him, he resigned, got a pardon, and was able to tell his story over time. The truth has come to light, that Deep Throat was nothing but a "Deep State Operation" to grab full control of the U.S Executive Branch, which they had done, with the election of George H.W Bush in 1989, and his proclamation of the N.W O in January 1990.

The International Association had created Hezbollah in the Middle East to create chaos, fear, and terror in the Middle East, to which ALL "International Commerce" flows from east to west, allowing this "British, Zionist Plot" to maintain its power over all International Contracts.

From 1950 to 2000 - all the World Conflicts, Wars, Struggles were the result of this "International Association" defending its interests.

It all led to the Greatest Foreign Attack on American Soil on September 11, 2001, as the "American People" were just beginning to Rise Up, and Take Back Control of America for themselves.

At the end of that third 70-Year Financial Arrangement (1941), American Patriots began Organizing, and by 2011, had formed what has since been called "M.A.G.A"

M.A.G.A is a Confederation of the American Patriots, the **U.S Military**, and **Donald Trump** to whom Rose to Power in the United States, "declaring" to World Leaders, to Congress, to the State Legislatures, that "WE" intend to Take Back Full Control of America!

Under the Rules of Military Law, as established by the 2015 Military War Manual, we began the push to flush out from America, that foreign occupier, the "British", thus cleaning up Washington D.C, while removing all their people from the "Western Hemisphere", as well as from the Middle East. (Read Section 11.3)

By adopting the 14 Articles of Freedom (2009), the American People have re-incorporated their Founding Documents - the 1776 Declaration, the 1777 Articles of Freedom, the 1788 Ordinance, and the Original 1788 Constitution!

When Complete, the American People, for the first time, will be "Free' from all British and Roman controls for the very first time. And there will no longer be a Democrat, nor a Republican Party, for we are “M.A.G.A”.

No restitutions owed, no debts owed, no ties held by the bankers!

Once Your Eyes Are Open, it Cannot Be Left Unseen. We are living in an awesome time where the British and Roman Empires are Crumbling.

This "Patriot" **Q** movement really began with the election of John F. Kennedy, he called out the 'international association', then was killed prior to destroying them, then came Nixon, and rather than kill him, they disabled the U.S Executive Office, in order to maintain control, and then came M.A.G.A.

The Restoration of the Great American Republic, better known as the United States for America, on the North American Continent. A story of a “Free People” who risked everything to separate themselves from British, Roman rule, to live peacefully, in harmony with nature, all of which, gave them the “Natural Right to their Life, Freedom, Immunity from Tyrannical Powers, to do anything they so desire, so long as they do not Rob, Rape, Murder each other. The three crimes that go against nature - the “Only” 3 crimes against Nature.

The Zionist, Political Movement is collapsing under its own weight.

The State of Israel is being exposed, while Great Britain is losing its influence around the globe today.

In South Dakota, this International Order" made one last move to control the People of South Dakota, as they conspired to put two neocons on the Republican Ballot for Governor --- who do we choose, a socialist Republican? Or a Socialist Democrat?

The "Left" is being exposed…

Do NOT vote for these people, or you can be seen as participating in this treasonous attempt to financially hold Americans to unjust taxes, debts, and rules also.

We must stand in defense of **M.A.G.A**, the **Patriot-Freedom Movement**. **Trust the Plan**, and remain bound to that Plan.

IN CONGRESS, *July* 4, 1776.

A DECLARATION

BY THE REPRESENTATIVES OF THE

UNITED STATES OF AMERICA,

IN GENERAL CONGRESS ASSEMBLED.

WHEN in the Course of human Events, it becomes necessary for one People to dissolve the Political Bands which have connected them with another, and to assume among the Powers of the Earth, the separate and equal Station to which the Laws of Nature and of Nature's God entitle them, a decent Respect to the Opinions of Mankind requires that they should declare the causes which impel them to the Separation.

We hold these Truths to be self-evident, that all Men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty, and the Pursuit of Happiness. That to secure these Rights, Governments are instituted among Men, deriving their just Powers from the Consent of the Governed, That whenever any Form of Government becomes destructive of these Ends, it is the Right of the People to alter or to abolish it, and to institute new Government, laying its Foundation on such Principles, and organizing its Powers in such Form, as to them shall seem most likely to effect their Safety and Happiness. Prudence, indeed, will dictate that Governments long established should not be changed for light and transient Causes; and accordingly all Experience hath shewn, that Mankind are more disposed to suffer, while Evils are sufferable, than to right themselves by abolishing the Forms to which they are accustomed. But when a long Train of Abuses and Usurpations, pursuing invariably the same Object evinces a Design to reduce them under absolute Despotism, it is their Right, it is their Duty, to throw off such Government, and to provide new Guards for their future Security. Such has been the patient Sufferance of these Colonies; and such is now the Necessity which constrains them to alter their former Systems of Government. The History of the present King of Great Britain is a History of repeated Injuries and Usurpations, all having in direct Object the Establishment of an absolute Tyranny over these States. To prove this, let Facts be submitted to a candid World.

He has refused his Assent to Laws, the most wholesome and necessary for the public Good.

He has forbidden his Governors to pass Laws of immediate and pressing Importance, unless suspended in their Operation till his Assent should be obtained; and when so suspended, he has utterly neglected to attend to them.

He has refused to pass other Laws for the Accommodation of large Districts of People, unless those People would relinquish the Right of Representation in the Legislature, a Right inestimable to them, and formidable to Tyrants only.

He has called together Legislative Bodies at Places unusual, uncomfortable, and distant from the Depository of their public Records, for the sole Purpose of fatiguing them into Compliance with his Measures.

He has dissolved Representative Houses repeatedly, for opposing with manly Firmness his Invasions on the Rights of the People.

He has refused for a long Time, after such Dissolutions, to cause others to be elected; whereby the Legislative Powers, incapable of Annihilation, have returned to the People at large for their exercise; the State remaining in the mean time exposed to all the Dangers of Invasion from without, and Convulsions within.

He has endeavored to prevent the Population of these States; for that Purpose obstructing the Laws for Naturalization of Foreigners; refusing to pass others to encourage their Migrations hither, and raising the Conditions of new Appropriations of Lands.

He has obstructed the Administration of Justice, by refusing his Assent to Laws for establishing Judiciary Powers.

He has made Judges dependent on his Will alone, for the Tenure of their Offices, and the Amount and Payment of their Salaries.

He has erected a Multitude of new Offices, and sent hither Swarms of Officers to harass our People, and eat out their Substance.

He has kept among us, in Times of Peace, Standing Armies, without the Consent of our Legislatures.

He has affected to render the Military independent of and superior to the Civil Power.

He has combined with others to subject us to a Jurisdiction foreign to our Constitution, and unacknowledged by our Laws; giving his Assent to their Acts of pretended Legislation:

For quartering large Bodies of Armed Troops among us:

For protecting them, by a mock Trial, from Punishment for any Murders which they should commit on the Inhabitants of these States:

For cutting off our Trade with all Parts of the World:

For imposing Taxes on us without our Consent:

For depriving us, in many Cases, of the Benefits of Trial by Jury:

For transporting us beyond Seas to be tried for pretended Offences:

For abolishing the free System of English Laws in a neighbouring Province, establishing therein an arbitrary Government, and enlarging its Boundaries, so as to render it at once an Example and fit Instrument for introducing the same absolute Rule into these Colonies:

For taking away our Charters, abolishing our most valuable Laws, and altering fundamentally the Forms of our Governments:

For suspending our own Legislatures, and declaring themselves invested with Power to legislate for us in all Cases whatsoever.

He has abdicated Government here, by declaring us out of his Protection and waging War against us.

He has plundered our Seas, ravaged our Coasts, burnt our Towns, and destroyed the Lives of our People.

He is at this Time transporting large Armies of foreign Mercenaries to compleat the Works of Death, Desolation, and Tyranny, already begun with circumstances of Cruelty and Perfidy, scarcely paralleled in the most barbarous Ages, and totally unworthy the Head of a civilized Nation.

He has constrained our fellow Citizens, taken Captive on the high Seas, to bear Arms against their Country, to become the Executioners of their Friends and Brethren, or to fall themselves by their Hands.

He has excited domestic Insurrections amongst us, and has endeavoured to bring on the Inhabitants of our Frontiers, the merciless Indian Savages, whose known Rule of Warfare, is an undistinguished Destruction, of all Ages, Sexes and Conditions.

In every Stage of these Oppressions we have petitioned for Redress in the most humble Terms: Our repeated Petitions have been answered only by repeated Injury. A Prince, whose Character is thus marked by every act which may define a Tyrant, is unfit to be the Ruler of a free People.

Nor have we been wanting in Attention to our British Brethren. We have warned them from Time to Time of Attempts by their Legislature to extend an unwarrantable Jurisdiction over us. We have reminded them of the Circumstances of our Emigration and Settlement here. We have appealed to their native Justice and Magnanimity, and we have conjured them by the Ties of our common Kindred to disavow these Usurpations, which would inevitably interrupt our Connections and Correspondence. They too have been deaf to the Voice of Justice and of Consanguinity. We must, therefore, acquiesce in the Necessity, which denounces our Separation, and hold them, as we hold the rest of Mankind, Enemies in War, in Peace Friends.

We, therefore, the Representatives of the UNITED STATES OF AMERICA, in GENERAL CONGRESS, assembled, appealing to the Supreme Judge of the World for the Rectitude of our Intentions, do in the Name, and by Authority of the good People of these Colonies, solemnly Publish and Declare, That these United Colonies are, and of Right ought to be, FREE AND INDEPENDENT STATES; that they are Absolved from all Allegiance to the British Crown, and that all political Connection between them and the State of Great Britain, is and ought to be totally dissolved; and that as FREE AND INDEPENDENT STATES, they have full Power to levy War, conclude Peace, contract Alliances, establish Commerce, and to do all other Acts and Things which INDEPENDENT STATES may of right do. And for the support of this Declaration, with a firm Reliance on the Protection of divine Providence, we mutually pledge to each other our Lives, our Fortunes and our sacred Honor.

Signed by ORDER, *and in behalf of the* CONGRESS,

JOHN HANCOCK, PRESIDENT.

ATTEST.
CHARLES THOMSON, *Secretary.*

NEWPORT, [illegible] PRINTED BY S. SOUTHWICK.

MIKE ZITTERICH is the co-founder, and owner of Sioux Falls Community Chronicle. Born, and raised in Sioux Falls, South Dakota his entire life, he has a strong passion for telling the history of the City of Sioux Falls, as well as for South Dakota. The greater knowledge that we possess of our history and of the political understanding of our country, our state, our city - the more prepared we are to tackle the problems of tomorrow, and then, and only then, may we form a better, stronger community.

Mike Zitterich was born to the proud parents of Gary Zitterich, and Vicky Foster. He has two siblings, David, and Angela Zitterich both born and raised also in Sioux Falls. A graduate of Lincoln High School (also attending Washington High), he was trained, educated, and groomed to operate his own small business - Zitterich Auto Sales.

His father, has operated a very successful Automotive Repair Facility for more than Forty Years, prior to retirement, and his mother had at one time operated a home- daycare childcare center in the 1980's.

The Zitterich Name is synonymous in both the Automotive Industry, as well as the Motorsports Community where Gary Zitterich has won two track championships at Huset Speedway (1991, 1992), Hartford Speedway (1993), and two National Series Titles (1989, 1998) while being inducted into the Huset Speedway Hall-of-Fame.

"The liberties of our country, the freedoms of our civil Constitution are worth defending at all hazards; it is our duty to defend them against all attacks. We have received them as a fair inheritance from our worthy ancestors. They purchased them for us with toil and danger and expense of treasure and blood; and transmitted them to us with care and diligence. It will bring an everlasting mark of infamy on the present generation, enlightened as it is, if we should suffer them to be wrested from us by violence without a struggle; or be cheated out of them by the artifacts of false and designing men."

Samuel Adams, American Patriot and Politician of the American Revolution
