**PREMIUM VEHICLES.  
LOWER PAYMENTS. TOTAL CONTROL.**

**THE RIGHT VEHICLE.  
EVERY TIME.**

## What is Trac Leasing?

TRAC leasing is a flexible way to lease one vehicle or an entire fleet with lower monthly payments, plus the option to buy or upgrade at the end of the lease while maintaining control over cash flow.

## What is TRAC Leasing with On The Move?

- Lower Costs** Lower upfront expenses help protect your cash flow from day one.
- Flexible Ownership** Choose to buy or upgrade your vehicle at the end of the lease.
- Tax Advantages** Lease payments may be tax-deductible, helping maximize potential savings.
- Easy Upgrades** Upgrade to newer models without the hassle of selling older vehicles.

# TRAC LEASING VS. PURCHASING A BREAKDOWN

## TRAC LEASING: THE BENEFITS

- Cost Efficient – Lower monthly payments than purchasing.
- Flexible Terms – Customize the lease to match your business goals.
- Tax-Friendly – Lease payments can often be deducted.
- Hassle-Free Upgrades – Trade up to newer models when your lease ends.

## PURCHASING: THE DRAWBACKS

- High Upfront Costs – Larger initial payments that tie up capital.
- Long-Term Commitment – Own an asset that depreciates over time.
- Limited Tax Deductions – Only depreciation may be deductible.
- Resale Hassle – Selling older vehicles to upgrade can be time-consuming.

## ON THE MOVE: 30 YEARS OF EXPERTISE

Founded in 1992 by a former Ford engineer, On The Move has been trusted in commercial vehicle leasing for over three decades. With a deep understanding of the industry and a commitment to innovation, we provide businesses with flexible, reliable solutions tailored to their needs.

“On The Move helped us find the right truck and also helped us with financing and really helped us kick off our business. He helped make the process seamless and stress free. We are looking forward to working with him for our next trucks.” - Kaluki
