Pick Up Time: Parents if you would like to hear about your child's day please arrive at 2:40pm. The teachers will give you a detailed explanation of their day. This will open the door for you to ask them lots of questions about their day (you can guide them since you will have the answers) and have engaging conversations. These language skills are very important along with recalling information and answering "WH" questions. If you start this process now you then learn a lot about kindergarten next year! If you cannot be there please make sure to pick up on time, so we don't have anxious little ones.

Question of the Month: What is your phone number? Please make sure your children practice a parent's cell number and let your teacher know that number.
