MEET YOUR BREEDER

By Kelly Tiffany

In this edition of Meet Your Breeder we say goodbye to the Neymans of West Virginia and head to southwestern Wisconsin, where we find Derrah Normandes. Derrah Normandes is located among the rolling hills of an area often referred to as the Driftless Region of Wisconsin. The farm can be found near the village of South Wayne, in Lafayette County not too far from the Illinois state border. With a population of 446 souls the town is known like so many other Wisconsin towns for its quiet smalltown charm, agricultural roots and community spirit.

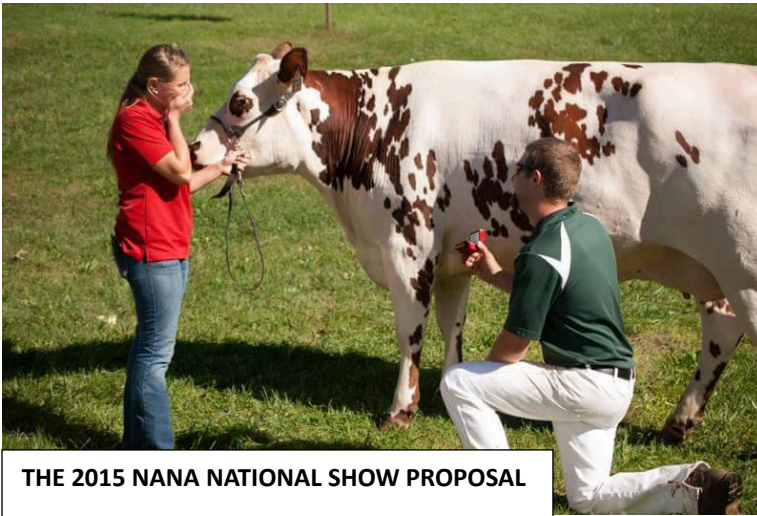

THE VOSBERG VALLEY VIEW FARM AND DERRAH NORMANDE'S SHOW CREW AT THE 2024 NATIONAL NORMANDE SHOW DURING NANA'S 50 YEAR CELEBRATION. L-R: JARED VOSBERG, DAN VOSBERG, EVERETT VOSBERG, RUTH VOSBERG, ELLIOT VOSBERG, DEREK & SARAH VOSBERG.

Derrah Normandes is owned and operated by Derek & Sarah Vosberg. The Vosberg's herd of registered Normandes are raised and milked alongside the herd of Vosberg Valley View Farms which is owned and operated by Derek's parents, Dan and Ruth Vosberg. Together the two families share all farm duties and responsibilities with the consolidation of both farms.

Derek and Sarah are no strangers to farm life and all that it entails. Both were born and raised into farm families. And it was only natural for them to have the same passion for the farming way of life that their parents had instilled in them while growing up.

Derek's parents, Dan and Ruth Vosberg, started with a herd of mixed Holsteins and Jerseys years ago. Through cross breeding they set out to find animals that would be ideal grazers. In 2001 they started breeding Normandes into their herd. Today they are currently milking 193 head in their herd. That number includes cows of their own as well as cows belonging to Derek and Sarah. Dan and Ruth are not new to the Normande breed nor to the Normande Association. They very much have been involved over the years with both. Whether it be through promotion, showing or breeding animals. For several years they showed some of their Normandes at the Minnesota State Fair during the time Jerome Chateau of Normande Genetics organized a

THE 2015 NANA NATIONAL SHOW PROPOSAL

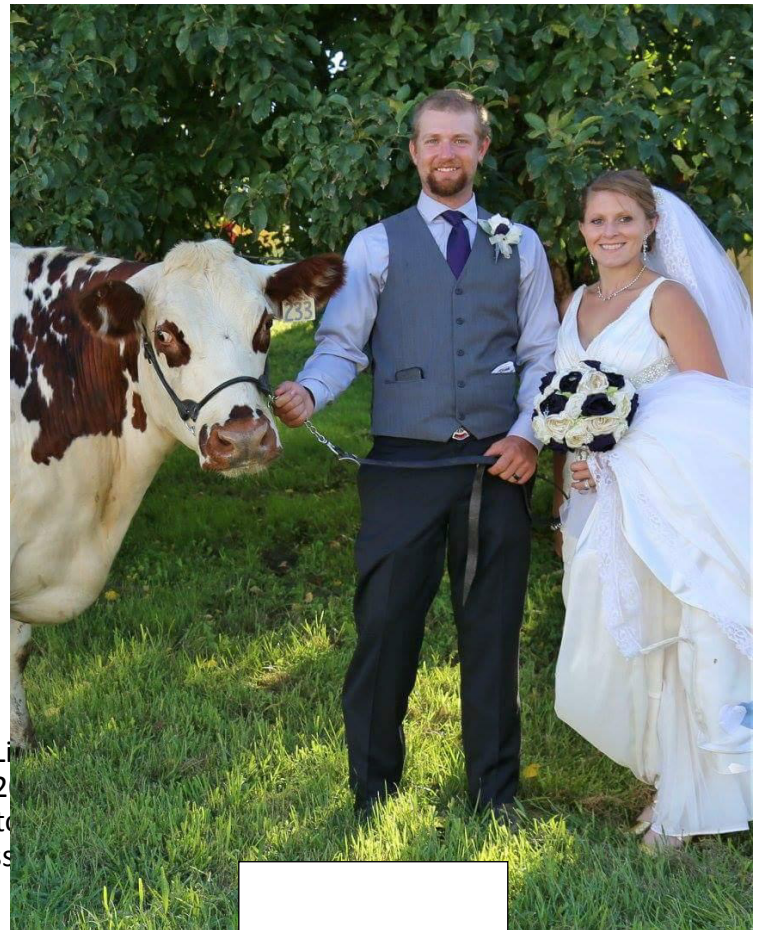

Normande show during the Minnesota State Fair. For two years the World Dairy Expo had a Grazing Pavillion and one of the breeds showcased in the Pavillion was Normandes. The Vosbergs provided some of the Normande cows for the exhibit. And they were hosts to one of the special farm visits attendees to the 2008 Cinor made when the Cinor was held in the U.S. that year.

Not to be out done by Derek's Normande background, Sarah herself comes from a family of strong advocates for the Normande breed. Many of you will know and recognize Sarah's parents, Mike and Sharon Mueller. Mike is the treasurer

and Registration Secretary for NANA. Sharon, has played a key part in the lunch served during the national shows over the years. Mike and Sharon had a herd of registered Holsteins until 1995 at which time they began the transition of building a beef herd. Over the years they continued to build animal numbers as their son Matthew and his wife, Beth, came into the operation as working partners so they formed Double M Cattle Company LLC (DMCC). The farming operation includes a 70 cow herd of registered Normande cow/calf pairs, a 90 cow herd of Registered Shorthorn cow/calf pairs. And a 400 head feedlot in which they fatten animals for slaughter.

Derek, graduated from the Black Hawk School District in South Wayne, WI in 2008. When he graduated Derek knew he wanted to stay involved in farming and so began farming with his parents.

Sarah, graduated from the Iowa-Grant School District in Lincoln, WI. She attended Winona State University in Winona, MN, from 2008 to 2012 where she earned her **WEDDING DAY** Science with a minor in Nutrition. Wanting to obtain her Associates Degree in the Physical Therapist Ass College in Fennimore, WI.

While college maybe fun and rewarding there's still one other adventure that has college life beat. Surely you have to know what that is. Yes, that's right, the North American Normande Association National Show! It was September of 2010 and Sarah was home from college for the weekend. It just so happened to also be the weekend of the National Normande Show. Sarah being a good sport and a true Normande enthusiast went along to the national show to help her dad, Mike, and brother, Matt, with their show string. It was while at the show helping with all the duties that go with showing cattle that Sarah happened to meet another young man who was also there helping his own family in the showing. A young man named Derek Vosberg. It was in

DERRAH HERD MEMBER: DMCC OLYMPE MANELLE 1755

between show classes and prepping animals for the showing that Derek and Sarah were able to become better acquainted. They began dating. Forward to the year 2015, and its once again the weekend of the big North American Normande National Show. Dressed in his best show attire that same young Mr. Derek Vosberg got down on one knee and asked Sarah to marry him. With a "yes" as Sarah's response the two were married the following August at the Vosberg's heifer farm. The wedding took place beside the farm's beautiful pond. The reception took place in the haymow of the farm's two-story dairy barn.

Starting their new chapter in life as husband and wife, Derek continued to farm alongside his parents while Sarah worked off the farm as a Physical Therapist Assistant. She eventually took on the role as Director of Rehab from 2015-2021 for the Care Group she worked for.

In 2019 Derek & Sarah welcomed their first child with the birth of their son Everett. In 2021, another son, Elliott, was born to the couple at which time the decision was made for Sarah to pause her role as Director of Rehab and to stay home with her family. Allowing her more family time and

also enabling Sarah to help on the farm alongside Derek as they continued to build their herd numbers.

Derek & Sarah have both been involved and promoters of the Normande breed for roughly about twenty years. With both of their parents being very instrumental in the Normande Association and the future success of the breed itself they have and continue to follow in their parent's footsteps by promoting and firmly establishing the success of the Normande breed both locally and nationally.

The Derrah herd of registered Normandes started with a couple of cows Derek had acquired from within his parent's herd as 4H projects. Their herd includes a milk cow gifted to the couple from Sarah's parents as a wedding gift. The gifted cow was French sired for several generations and has a high Normande percentage. They also received two fullblood embryos from a past breeder as a wedding gift. Implanting one of the two gifted embryos they were able to find success with the heifer calf that was born. That single heifer calf has been very prolific within their herd with the offspring that she has produced.

Derek & Sarah joined NANA after they were married. They chose the prefix Derrah Normandes as their farm name. Derrah is a combination of the couple's first names. Since establishing their farm name back in 2016 they have built a herd of Registered dairy Normandes that includes fullbloods and other herd members that are as high as 98% Normande in their genetic makeup. They currently own thirteen cows, thirteen heifers and one bull that they plan on collecting semen from. Derek and Sarah are retaining all heifer calves born as they are trying to build the size of their Normande herd. Most of the bull calves born are sold at a local sale barn. If by chance they do retain any bulls to sell they make them available through advertising on the NANA Facebook page. Derrah Normandes have sold a couple of mature breeding bulls already. One of those bulls went to a Normande breeder in Montana while the others have stayed in Wisconsin or gone onto green grass in Iowa. Derek's parents have sold breeding heifers and bulls to 25 different states along with a few of those animals jumping the border into Canada.

Two Normande dairy herds in the United States plan to transition from an aged milking system to a robotic milking system. The family helping them milk their cows is located near the Pecatonica River. And a few years ago, due to the loss of their hired milking help, they purchased robotic milkers. And in 2022 that transition was complete with the A5 Lely robotic milkers.

Derrah Normande cows are bred using both imported French semen to artificially inseminate their cows and heifers, along with utilizing one of their own bulls and two of Derek's parent's bulls to breed cows and heifers. The plans are in place to collect semen from the three bulls currently being used within their breeding program. They calve their cows year round except for the months of December through February. Minimal calving is done during the colder months of the year.

DEREK, ELLIOT, SARAH, & EVERETT AT 2025 NATIONAL NORMANDE SHOW

The Normande cows are fed a diet of alfalfa, oats, rye, winter rye, and borage make up the farm's feed. The Normandes due to nutritionists want to use the same feeding program as the Normandes, on the other hand, have since adjusted the farm's feed inputs, which in turn means the cows are being fed compared to say while being fed less quality feed.

SARAH, DEREK, ELLIOT, & EVERETT VOSBERG IN THEIR WORKING CLOTHES. ALSO INCLUDE IS TOOTSIE

say along with the Normandes feed efficiency being one of the breeds strongest selling points they also find the Normande breed to be one of the most docile of cattle breeds. A comment that seems to be common among many Normande breeders.

As the Vosbergs continue to build their herd numbers and promote their Registered Normande herd they say that keeping accurate and thorough records is important for your herd's future success. One of the most important tasks is to keep your animal registrations current and accurate. They recommend that potential Normande buyers buy animals with registration papers and animals who come from a breeder who keeps good records. They also add that if you are interested in acquiring a Normande for your herd, patience is a pre-requisite. The animal you have set out to find will eventually become available. These animals

are beautiful inside and out hence they are a little more difficult to come by just because so many owners have found all the wonderful traits this breed encompasses. As they say "All good things take time", but patience does usually prevail.

Derek & Sarah's future goals for Derrah Normandes are to get back to utilizing more grazing for their herd; to increase pounds of milk per cow/day, along with increasing 305 day total production; to continue to sell extra females when not needed for their own herd replacements; to collect semen from a few of their bulls; and to eventually transition farm ownership from Derek's parents.

I want to close by thanking both Derek and Sarah for not only taking the time to share their Normande journey with me but also for all they do for NANA. They put in countless hours making sure both the Normande Association and the Normande breed have continued future success.

Derek, currently serves on the NANA Board of Directors as Vice President. Sarah, is active on Facebook Normande groups. She also helps manage the NANA website and Facebook page. And she helps put the annual NANA calendar together. She takes care of many other duties for the association that are behind the scene. Derek and Sarah have also helped man the NANA booth at World Dairy Expo in the past. We want to thank both of them for all they have done and continue to do for NANA. If you get a chance to take in the National Normande Show this coming September, make sure to thank Derek and Sarah for all of their hard work promoting these beautiful animals.

A SLOW, HAND-IN-HAND WALK TO THE HOUSE

NATIONAL NORMANDE SHOW

9-19-2026 at the Iowa County Fair Grounds, Mineral Point, WI. 10:00 am.

GENERAL RULES

Any Normande breeder or owner is eligible to exhibit at the show with the following stipulations.

- *Cattle exhibited must be registered, or eligible for registration, in the North American Normande Association herd book.
- *Cattle can arrive no earlier than 8 am on the Friday before the show.
- *Cattle will be released as soon as the show is over.
- *Exhibitors are expected to assist with the cleaning of the barns immediately after the show. A spreader will be there to put manure and bedding in during and after the show.
- *Animals exhibited must be sired by a Registered Normande bull and be at least 50% Normande genetics.
- *IF ANIMALS ARE NOT YET REGISTERED, THERE WILL BE REGISTRATION APPLICATIONS AVAILABLE AT THE SHOW AND CAN BE SUBMITTED TO THE NANA REGISTRY SECRETARY BEFORE 10:00 AM THE DAY OF THE SHOW.

ENTRY FORMS: Entry deadline is: **SEPTEMBER 1, 2026**. Entries will be accepted up until the time of the show for a late fee of \$5.00/animal. This rule will be strictly enforced! **Submit your entries using the online form, the entry form included in the newsletter, or print out a form and submit if via the email address below or snail mail your entries to:**

Brenda Conley
N2769 Tyler Road
Neosho, WI 53059
hgholsteins@gmail.com

JUDGING

- *Beef showmanship classes will be judged before the start of the beef show and dairy showmanship classes will be judged before the start of the dairy show.
- *Separate classes will be held for dairy and beef Normandes.
- *See entry form for classes. If a class has less than 2 entries, it may be combined with another class. If a class has a large number of entries it may be split into two or three classes.
- *Class order will be Bulls, Heifers, and Cows. All beef classes will show before the dairy classes are shown.
- *Qualified judges will be hired to place each class.
- *Ribbons will be awarded to the first four places in every class and special awards will be awarded to the Champion and Reserve Champion in each division.

FACILITIES

- *The Iowa County Fairground is located on Fair Street in Mineral Point, WI.
- *No feed will be provided. Exhibitors will be notified before the show if bedding will be provided.
- *RV or camper parking is available at the fairgrounds, and motels are located in or near Mineral Point.

WISCONSIN HEALTH REQUIREMENTS FOR CATTLE

Cattle originating from within Wisconsin: There are no test or health document requirements for cattle from within Wisconsin.

Cattle originating from outside Wisconsin:

Cattle from Michigan's Federal TB Free Zone and Texas:

- 1-You must have a current Certificate of Veterinary Inspection (CVI, also known as a health certificate).
- 2-Each animal must be officially identified via a USDA 840 tag (RFID or visual) or a Canadian AIN RFID 124 tag. There is no age or sexual status exemption for the ID requirement.
- 3-Tuberculosis: Each animal needs either a negative tuberculosis test within 60 days prior to the date of import to Wisconsin or, if the animals originate from a currently accredited TB-free herd, individual TB tests are not required, but the accreditation number and the date of the last whole-herd TB test must be on the CVI. A whole herd TB test is not required. There is no age or sexual status exemption for the TB test requirement.
- 4-A brucellosis test, vaccination or statement is not required at this time.
- 5-An import permit is not required.
- 6-If there is a current vesicular stomatitis diagnosis or quarantine in the state of origin, effective May 30, 2014, Wisconsin no longer requires a permit or special statements.

Cattle from Michigan's Federal Modified Accredited (MA) Zone

These rules apply to cattle from the following Michigan counties: Alcona, Alpena, Montmorency and Oscoda.

- 1-You must have a current certificate of veterinary inspection (CVI, also known as a health certificate). The CVI must include a version of the following statement: "This animal is/these animals are coming to the NANA National Show only and will return to the state of origin after the show."
- 2-Each animal must be officially identified via a USDA 840 tag (RFID or visual) or a Canadian AIN RFID 124 tag. There is no age or sexual status exemption for the ID requirement.
- 3-Tuberculosis: Each animal must have a negative individual TB test within 60 days before the date of import and originate from a herd that has had a negative whole-herd TB test for all animals one year and older within the last 12 months. The injection dates of both tests must be written clearly on both the import permit application form (see #4) and the CVI. There is no age or sexual status exemption for the TB test requirement.
- 4-An import permit is required. This is usually done by the veterinarian for the exhibitor. You can request to receive one by email or by fax by emailing DATCPanimalimports@wisconsin.gov or by calling (608)224-4874 during regular business hours.
- 5-A brucellosis test, vaccination or statement is not required at this time.
- 6-If there is a current vesicular stomatitis diagnosis or quarantine in the state of origin, effective May 30, 2014, Wisconsin no longer requires a permit or special statements.

Cattle from All Other States

- 1-You must have a current Certificate of Veterinary Inspection (CVI, also known as a health certificate).
- 2-Each animal must be officially identified via a USDA 840 tag (RFID or visual) or a Canadian AIN RFID 124 tag. There is no age or sexual status exemption for the ID requirement.
- 3-Tuberculosis testing is not required at this time.
- 4-A brucellosis test, vaccination or statement is not required.
- 5-An import permit is not required.
- 6-If there is a current vesicular stomatitis diagnosis or quarantine in the state of origin, effective May 30, 2014, Wisconsin no longer requires a permit or special statements.

***If you have any questions about what is needed to bring your cattle into Wisconsin contact your veterinarian or the Wisconsin Division of Animal Health (608-224-4872).**

CLASSES FOR THE 2026 NATIONAL NORMANDE SHOW

MALE BEEF CLASSES

Class 1	Beef Junior Bull Calf	Born on or after January 1, 2026
Class 2	Beef Senior Bull Calf	Born September 1, 2025 to December 31, 2025
Class 3	Beef Summer Yearling Bull	Born May 1, 2025 to August 31, 2025

Class 4	Beef Junior Yearling Bull	Born January 1, 2025 to April 30, 2025
Class 5	Beef Senior Yearling Bull	Born September 1, 2024 to December 31, 2024
Class 6	Beef Feeder Calf	Born on or after January 1, 2026
Class 7	Beef Market Steer	Born on or after January 1, 2025

GRAND CHAMPION BEEF BULL
RESERVE CHAMPION BEEF BULL

FEMALE BEEF CLASSES

Class 8	Beef Junior Heifer Calf Class	Born on or after January 1, 2026
Class 9	Beef Senior Heifer Calf Class	Born September 1, 2025 to December 31, 2025
Class 10	Beef Summer Yearling Heifer	Born May 1, 2025 to August 31, 2025
Class 11	Beef Junior Yearling Heifer	Born January 1, 2025 to April 30, 2025
Class 12	Beef Senior Yearling Heifer	Born September 1, 2024 to December 31, 2024
Class 13	Beef Cow/Calf Pair	Born before September 1, 2024 and her 2026 calf
Class 14	Senior Cow	Born before September 1, 2024

GRAND CHAMPION BEEF FEMALE
RESERVE CHAMPION BEEF FEMALE

MALE DAIRY CLASSES

Class 15	Dairy Junior Bull Calf	Born on or after March 1, 2026
Class 16	Dairy Senior Bull Calf	Born September 1, 2025 to February 28, 2026
Class 17	Dairy Yearling Bull	Born March 1, 2025 to August 31, 2025

FEMALE DAIRY CLASSES

Class 18	Dairy Spring Heifer	Born on or after March 1, 2026
Class 19	Dairy Winter Heifer	Born December 1, 2025 to February 28, 2026
Class 20	Dairy Fall Heifer	Born September 1, 2025 to November 30, 2025
Class 21	Dairy Summer Yearling	Born June 1, 2025 to August 31, 2025
Class 22	Dairy Spring Yearling	Born March 1, 2025 to May 31, 2025
Class 23	Dairy Winter Yearling	Born December 1, 2024 to February 28, 2025
Class 24	Dairy Fall Yearling	Born September 1, 2024 to November 30, 2024

GRAND CHAMPION JUNIOR DAIRY
RESERVE GRAND CHAMPION JUNIOR DAIRY

Class 25	Dairy 2 yr. old cow	Born September 1, 2023 to August 31, 2024
Class 26	Dairy 3 yr. old cow	Born September 1, 2022 to August 31, 2023
Class 27	Dairy 4 yr. old cow	Born September 1, 2021 to August 31, 2022
Class 28	Dairy 5 yr. or older cow	Born on or before August 31, 2021

GRAND CHAMPION DAIRY COW RESERVE
GRAND CHAMPION DAIRY COW

HERDSMANSHIP AWARD

Anyone exhibiting animals will automatically be entered for the Herdsmanship Award. You will be judged by the public and other exhibitors that are at the show. You can decorate your display however you want. Things

to be considered are: neatness, attractiveness, cohesiveness with the yearly theme, etc. Judging will conclude by the start of the show on Saturday and the winner will be announced at the lunch break. The displays with the most votes will win a Special Merit Ribbon.

SHOWMANSHIP

Rules:

- *There will be 2 divisions: Dairy and Beef
- *There will be 3 age categories in each division: a-Youth: ages up through 12 as of 9-20-2026;
b-Teen: ages 13-19; c-Adult: ages 20 and over
- *Showmanship classes will be held before the regular placings classes.
- *Ribbons will be given to the top four places in each category.
- *You do not need to sign up beforehand.
- *You do not need to own the animal to show in the showmanship class.

FARM DISPLAY EXHIBIT

Rules: This category is for anyone who would like to bring Normandes to the show but feels uncomfortable with leading them in a show ring. No awards will be given, just an opportunity to showcase your Normandes tied or penned in the barn. (Exhibitor must provide corral panels if animals are penned.)

2025 NANA ANNUAL MEMBERSHIP MEETING

NANA's Annual Membership meeting is scheduled for September 19, 2025, at the Iowa County Fair Grounds in Mineral Point, WI. The evening will begin with a catered meal at 6 pm and the Annual Membership Meeting will follow the meal. Please let the NANA office know if you will be attending the meal and meeting. Since the meal is being catered we need to know how many meals to be prepared for. Thank you.

BOARD OF DIRECTORS NOMINATIONS AND ELECTION

The three-year terms of two members of NANA's Board of Directors end on September 19, 2026. Derek Vosberg and Wallace Brockhoff have served on the Board for the past three years and are eligible to be elected to another three-year term on the Board. Any NANA member in good standing is eligible to serve on the Board of Directors. With Zoom, the NANA Board of Directors is able to conduct their meetings without having to travel long distances in order to meet.

If you or someone you know would like to serve on the Board of Directors you may nominate yourself or you can nominate someone. If you nominate someone, please ask them if they are willing to be nominated before you do it.

By now NANA members should have received a letter about Board of Directors nominations and a nomination form. The NANA office will need to receive completed nomination forms by August 15, 2026, so mail in ballots can be sent and returned by September 19, 2026.

OUR 2026 NATIONAL SHOW JUDGES

The judge for NANA's National Normande Dairy Show is Kaleb Kruse from Dyersville, IA. Kaleb is part-owner of KCKK Genetics & Boarding alongside his younger brothers, Cole and Carter Kruse. Together, they raise and exhibit all seven dairy breeds at local, state, and national levels. Based in Dyersville, Iowa, Kaleb is deeply involved in the dairy industry. He has judged at numerous local, state, and national shows, including serving as Associate Judge for the National Ayrshire Show, the International Brown Swiss Show, and the All-American Junior Jersey Show. He has also judged the National Ayrshire and Guernsey Junior Shows at the North American International Livestock Exposition. A highlight of his career came in 2019 when he received the prestigious Merle Howard Award at World Dairy Expo. Kruse continues to give back to the industry, currently serving on the National Ayrshire Marketing Board. Additionally, he is the coach of the Delaware County 4-H and North East Iowa Community College judging teams. In addition to his work in the showring and industry leadership, Kruse is a member of the sales team at Cowbuyer.com and works as a Dairy Nutritionist for Vita Plus.

The judge for NANA's National Normande Beef Show is Hannah Tremaine from Oconomowoc, WI. Hannah and her family own Tremaine Angus, a 25-pair cow-calf operation focusing on Angus and Simmental cattle. Hannah and her fiancé, Rob Peters, also raise Black Herefords together. Their families host an annual online heifer sale each September, staying actively involved with junior exhibitors. Hannah grew up competing at a high level in showmanship through the National Junior Angus Association and the American Junior Simmental Association, where she developed a lasting passion for showmanship and the opportunities the industry provides for youth. She is currently a Speech and Language Pathologist at Riverside Middle School in Watertown, WI.

Nomination Form for North American Normande Association

DISTINGUISHED BREEDER AWARD

The Distinguished Breeder Award is bestowed annually upon a current or former NANA Member, who in the opinion of the Board of Directors, has bred Normande cattle for many years and consequently has made a notable contribution to the advancement and promotion of the Normande breed in the United States. Anyone who is a current NANA member in good standing with the Association can nominate a breeder for this award.

THE COVER

Pictured on our cover is Jeff and Nona Bock of River Falls, WI. During the 2025 National Normande Show, spectators and fellow exhibitors chose their Crick Ridge Farm show herd exhibit for the Herdsmanship Award for the 2025 show. Logan Cliffe, of Dairy Agenda, provided the picture as the official photographer of the 2025 show.

The NANA office is looking for eye catching and attractive pictures of Normande cattle to use on the cover of future issues of "Normande Happenings". Please submit your picture(s) to the NANA office and if the editorial advisory board (my family) should choose your picture it will be on the cover of a future "Normande Happenings".

NORMANDE HAPPENINGS is the official newsletter of the North American Normande Association published by the Association office four times per year. Active, associate and junior NANA members receive the newsletter as part of their dues. Non-members may subscribe for a cost of \$15.00/year.

NANA MEMBERSHIP DUES

NANA membership dues for 2027 will be due after January 1, 2027. See the next page for NANA's fees. An Active Member receives Normande Happenings at no extra cost, can vote on the affairs of the Association, can serve on the Board of Directors, and can register and transfer animals at member fees. An Associate Member is a Normande enthusiast and will receive Normande Happenings at no additional cost. An Associate Member can register and transfer animals, but at non-active member rates. An Associate Member does not vote on the affairs of the Association. A Junior Membership is for youth 18 years old or younger. Junior Members receive Normande Happenings at no extra cost, can register and transfer animals at member rates, but cannot vote on the affairs of the Association. If not paid by 4-1-27, Active Member dues become \$40.

NANA FIELD DAY

Several years have gone by since NANA has had a Field Day. The purpose of a Field Day is to highlight a breeder and promote the Normande breed in the area the breeder is located. Field Days in the past have included a farm/herd tour, a meal, and a brief program. If you are interested in being a host for a NANA Field Day sometime in 2025 please contact the NANA office and we will see what the possibilities are.
