****Each cabin "sleeps" a base number of people. Base rate is calculated by the number of queen beds in the cabin. Over the base number there is a $10 extra charge per person per day.**

Two of our cabins (Cabin 1 and 2, now known as the Fish and Duck) were built in the early 1950's and still retain their original charm. Immaculately clean and updated with most modern conveniences. Our cabins feature fully equipped kitchens and outdoor charcoal barbeque grills. These two cabins do not come equipped with laundry facilities, but the resort now has coin operated washers and dryers on the premises for your convenience. Recently upgraded windows with central air and heat.

The mobile homes have all the modern conveniences including dishwashers and washer and dryers. Laundry use is only for those staying in the cabin, no cross-cabin usage. We now have a laundry facility to accommodate cabins and RV renters that don't have washer and dryers in their units.

Each cabin rental includes one boat stall. Additional stall rentals are $10 per day and advance reservations are required. Boat slips are pre-assigned especially on holiday weekends and each guest must complete and sign the release of liability waiver, prior to docking their boat in a slip.
